

FINAL BI-PARTISAN CONFERENCE ON PEACE PACT TODAY

Chances of Reaching
An Agreement are
Unlikely

BREAK OVER ARTICLE TEN

WASHINGTON, Jan. 28.—Preponderance of senate opinion on the eve of another and perhaps final bi-partisan conference of Republican and Democratic leaders was that a deadlock had been reached making agreement very unlikely at this time on compromise peace treaty reservations. Reservations to article ten and for preservation of the Monroe doctrine promised to be the center of variance between the two factions at tomorrow's meeting and it appeared that should a break come it would result from inability to agree on these two points. Should the bi-partisan conference be abandoned influences at work in both political parties it was asserted today, undoubtedly would have a strong effect toward a compromise which would keep the treaty out of the political campaign.

Article ten and the Monroe doctrine, it became known today, were the only subjects on which tentative agreements have not been reached by the bi-partisan committee. Much of the language of the "Republican reservations" adopted last session has been agreed to by the Democrats. It was revealed, while many changes had been conceded by the Republicans and two of the reservations had been re-written entirely. Among the changes approved by the committee were the following:

Modification of the preamble so that instead of requiring specific affirmative acceptance of the reservations by three or four of the great powers such acceptance would be taken as the result of a vote in the senate. Unless objections were made before disposition of the ratification by the United States.

Qualification of the reservation on voting strength in the league so the United States would not be bound, except in cases where it previously had given its assent by decisions in which any member had more than one vote. In the Republican reservation this exception was omitted.

Change of the withdrawal reservations to make it provide that notice of withdrawal from membership in the league shall be given by a joint resolution of congress instead of may be given by a concurrent resolution.

A joint resolution requires the signature of the president, while a concurrent resolution ordinarily does not.

Deletion of direct reference to Japan or China by name in the Shantung reservation so the United States simply would withhold assent to the Shantung articles and reserve liberty of action in any dispute arising under them.

Complete drafting of two of the reservations so they would require that no representative to the league be appointed without congressional authorization and that no recommendation of the league regarding armaments would be valid until approved by congress. Numerous modifications of language in others of the fourteen reservations.

That providing the United States would accept no mandatory action except by congressional action was one of those, however, remaining intact.

LABOR LEADER ASSAILS BOLSHEVISM

Gompers in Current Article of Labor Condemns "Reds," "Completely, Finally, and for All Time."

Washington, Jan. 28.—Writing in the current number of the Federationist, official organ of the American Federation of Labor, Samuel Gompers condemns Bolshevism "completely, finally and for all time."

The American leader declares he doubts whether the propaganda which emanates from the Bolshevik organization itself is more effective than that "conducted by those who claim to be entirely detached from Russian influence and Russian payrolls. He says he doubts whether publications issued by Russian Bolshevik agents have as great an effect in America as those "which like to be known as 'journals of opinion' such as The Nation, The Dial and The New Republic."

Mr. Gompers makes an extended reference to the argument that the American people know but little about what is going on in Russia and the argument that it is unfair and unwise to pass judgment.

"We do not have to wait for information about the form of government existing in what is called 'Russia,'" says Mr. Gompers. "All the information necessary to the passing of judgment on Bolshevism and the system of government and as a state of society, is at hand from sources that are mis-guided. The plea of those misguided persons in America who say 'wait for facts before passing judgment' is nothing more than an excuse which it is hoped will gain time for the Russian experiment and enable it to spread to other countries."

Mr. Gompers points out that while the fifth Pan-Russian congress declares for a dictatorship of the proletariat and the poorest peasantry is disfranchised and the largest Bolshevik estimate of the proletariat calculates them as only one-fifth of the number of peasants. Even a fairly prosperous working man by this calculation, Mr. Gompers says, knows that the Bolshevik minority does not even represent the masses of factory workers in Moscow, the Bolshevik stronghold.

"In all concepts of freedom within the American nation," says Mr. Gompers, "one fundamental principle is that any involuntary servitude that is compulsory labor shall not be enforced upon the working people."

U. S. DEFERS BIDS ON GERMAN SHIPS

Result of Protest by Secretary Baker Against Sale of Vessels Used in Transport Service of Army.

Washington, Jan. 28.—Action on bids for thirty former German liners to be used by the United States was deferred today by the shipping board as a result of a protest from Secretary Baker against the sale of such of these vessels as have been included by the war department in its army transport reserve.

Mr. Baker not only has protested to Chairman Payne with the request that the matter be presented to President Wilson, but has taken the question up with the senate commerce committee, which now is studying the matter.

Chairman Payne on receiving Mr. Baker's protest, promised that no action would be taken until he could confer with war department officials. In his letter to Chairman Payne the secretary disapproved the shipping board's plan to transfer the vessels to the navy department and the department of commerce had agreed with the approval of President Wilson upon a policy to be followed in connection with the former German ships which contemplated the building up of an army transport reserve. He said vessels released to the shipping board for the service indicated in the agreement were released "with the understanding that they are subject to immediate withdrawal in case of an emergency for use as transports."

Twelve ships were specifically named in the agreement, six being allocated for the South American service and six for the trans-Pacific service.

Bids on the liners, which include the famous Leviathan were received today and including January 20 and were considered today by the shipping board directors. In all twelve tenders were received. After the meeting of the directors today Chairman Payne said he was not prepared to make any statement regarding the action of the board on the bids.

HOGS BRING HIGH PRICE

Champaign, Ill., Jan. 28.—At a sale of blooded Poland China hogs held here yesterday 45 hogs brought over \$20.00. Four young pigs of a litter of six were sold for \$10.00 and one of \$10.00 was refused for the mother. Over 300 stock raisers from all over the corn belt attended the sale.

QUITS REVENUE DEPARTMENT

Chicago, Jan. 28.—George G. Dunlop, acting chief of field deputies of the internal revenue department at Chicago, resigned today to take effect in ten days. He has been in government service twenty years. Mr. Dunlop gave the high cost of living as the reason for resigning.

MILLIONS NEEDED FOR RELIEF OF EUROPEAN NATIONS

Congress Urged to
Grant Credits of
\$150,000,000

LETTER SENT TO SEC. GLASS

WASHINGTON, Jan. 28.—Secretary Glass, President Wilson today renewed the appeal to congress to grant credits of \$150,000,000 for Poland, Austria and Armenia to alleviate conditions which threaten "moral and material chaos" in those countries.

Secretary Glass presented the president's letter to the house ways and means committee without comment and the committee deferred consideration of it until tomorrow. There was no indication when the committee would act finally on the request that the credits be authorized.

President Wilson's letter addressed to Mr. Glass follows: "With considerable regret I have noticed from the press that congress is delaying the granting of authority for the extension of prompt and generous relief to the stricken portion of Europe, the urgency and importance of which, especially in respect to Poland, Austria and Armenia you have fully explained to the ways and means committee. It is unthinkable to me that we should withhold from those people who are in such mental and physical distress the assistance which can be rendered by making available on credit a small portion of our exportable surplus of food which would alleviate the situation. While I am sure that you must have explained fully to the ways and means committee the appalling situation in those parts of Europe where men, women and children are now dying of starvation and the urgent necessity for prompt assistance, I beg of you that you make another appeal to congress. I am informed that through the published reports of hearings before the ways and means committee the war department has now been furnished with irrefragable facts showing the necessity for immediate affirmative action."

"This prosperous republic ought not to bear any part of the responsibility for the moral and material chaos that must result from an unwillingness on our part to aid those less fortunate than ourselves. We cannot merely to husband a small portion of our surplus permit the happening of this great catastrophe."

SENATORS WILL ADDRESS CONVENTION SPRINGFIELD, Ill., Jan. 28.—Senators Lawrence W. Sherman and Medill McCormick today sent word to Charles E. Woodward, president of the Illinois constitutional convention that they would accept his invitation to address the body. They will speak before the convention Wednesday, February 25.

The convention met as a committee of the whole today and heard delegates from Chicago explain proposals for home rule for Cook county and the metropolis. The meeting will be continued tomorrow and John A. Richter, chairman of the finance committee of the Chicago city council, will explain further the home rule plan.

Addresses were made today by Alderman John H. Lyle, Leon Hornstein, assistant corporation counsel of Chicago and Prof. Ernst Freund of the University of Chicago.

The committee which will consider the proposals submitted to the convention were named today by President Woodward. These committees will meet tomorrow afternoon and organize.

NORTH DAKOTA REPUBLICANS MEET

BISMARCK, N. D., Jan. 28.—North Dakota Republicans at a state convention here today adopted a resolution assailing the waste and extravagance of the present national administration and suggesting support for Leonard Wood, Governor Lowden of Illinois, Senator Harding of Ohio and others as party standard bearers.

The delegates nominated national committeemen Gunder Olson for re-election; named three candidates for election as presidential electors with provision for the nomination of two others and selected ten delegates and seven alternates for the national convention at Chicago.

PASTORAL HELPERS ELECTED OFFICERS

The Pastoral Helpers of Central Christian church at the regular meeting held at the church Wednesday afternoon elected officers. The following were chosen: President—Mrs. Lillian Kline, Vice President—Mrs. Keith Montgomery, Secretary—Mrs. T. W. Clark, Treasurer—Mrs. George Douglas.

RECEIVE POTASH FROM GERMANY

Philadelphia, Jan. 28.—The first shipment of potash to reach this port directly from Germany in three or four years arrived here today on the Norwegian steamship Tungsund, from Hamburg. The cargo consists of 3,000 tons.

RULED IN EXPLOSION

Chicago, Jan. 28.—One man was killed and another seriously injured today in an explosion at the General Chemical Company plant at South Chicago. Henry Schumacher, 40, sustained a fractured skull and died at a hospital.

TWO U. S. ARMY AVIATORS ARE HELD BY MEXICANS

McAllen, Texas, Jan. 28.—Two army aviators, Lieutenants B. F. Davis and G. E. Grimes, carrying a military message from Fort Brown, Texas to Nogales, Ariz., today were forced to make a landing in Mexico, thirty miles south of Zapata, Texas, and tonight are being held by Mexicans.

According to a message received here tonight from the aviators they have been promised their freedom tomorrow morning. Lieutenants Davis and Grimes who are attached to the air station here were carrying a message duplicate of that which was sent from Fort Brown to Nogales in another plane today.

They became confused in the fog and followed the Solado River from Zapata into Mexico instead of proceeding on up the Rio Grande, there also being compass trouble. Thirty miles up the Solado river the plane was forced to make a landing and there the Mexicans took the two American aviators prisoners. It is understood the country is wild and rugged and the only means of reaching the section quickly is by plane. All day

WAVERLY WILL PLAY JACKSONVILLE TONIGHT

Old Rivals Will Meet in David Prince Gymnasium—Waverly Has Been Playing Fast Ball This Year.

Waverly Township high basketball team will clash with Jacksonville in David Prince gymnasium this evening. Play will start promptly at 8 o'clock. Waverly and Jacksonville are ancient rivals. The athletic contests between the schools have always been bitterly fought ever since the Waverly inaugurated athletics.

This year Waverly has a strong team and it has been playing a fast game. Among its victims it numbers the Auburn high team which is one of the best in this section.

Jacksonville has been playing some good basketball and some bad ball. The team has not played consistently but it has been improving the last two games.

While Coach Hufford has not announced his lineup for the game, it is possible that the men to start will be: Lucas and Woods, forwards; Hunter, center; Green and Ransdell, guards.

CHARGES RESERVE BOARD FOR HIGH PRICES

CLEVELAND, O., Jan. 28.—The high cost of living owes its existence in part to the federal reserve board, Dr. Harvey W. Wiley, secretary of the board, declared today in an address before the thirty-third annual convention of the National Consumers Association. The remedy Dr. Wiley said lies in the prompt withdrawal of inflated currency and the establishment of food as the standard of value instead of gold. The one-war standard will never return, he said.

Production of canned milk has increased 150 per cent in the last three years, W. W. Hardin of Chicago, declared. Forty per cent of this is exported. Complaints by canners on the government's action in placing its surplus canned goods on the market were made by individuals and did not represent the attitude of the National Consumers Association. Walter J. Sears of Chicago, president, announced today the association owes a debt of gratitude to the government for the advertising campaign received during the war he added.

"FLU" SITUATION IN CHICAGO IMPROVES

CHICAGO, Jan. 28.—Influenza caused 87 deaths in Chicago in the last twenty-four hours and pneumonia deaths numbered 77, the health department announced tonight. New cases of influenza during the same period numbered 1,472 and pneumonia cases 409.

"The number of influenza cases is gradually lessening," Deputy Health Commissioner Koehler said tonight. "The pneumonia rate is fluctuating and once again is showing decrease. The crest of the death rate has been passed."

United States District Attorney Charles F. Clyde, announced tonight that an effort would be made tomorrow to have hundreds of cases of liquor seized by the government in recent raids distributed to the hospitals for use in fighting the epidemic.

NEW COMET DISCOVERED

Chicago, Jan. 28.—The new comet named "Sala" for its discoverer was sighted from Williams Bay, Wis., observatory last night according to a telegram to Professor Phillips of Northwestern University, who is in charge of the comet hunt for a week by astronomers.

HOME FOR A FEW DAYS

Miss Mildred Anselson on account of one of the high school teachers being sick with the flu, has been allowed to leave the school for a few days.

HAYS ANNOUNCES APPOINTMENT OF ADVISORY BODY

117 Members on G. O.
P. Committee on Policies and Platform

NINETEEN ARE WOMEN

SAN FRANCISCO, Cal., Jan. 28.—Will H. Hays, chairman of the Republican national committee tonight made public his appointment to the advisory committee on policies and platform, consisting of 117 members, 19 of whom are women. The committee includes 12 members of the Republican national committee whose appointment has been announced previously by Mr. Hays.

"The purpose of this committee," Mr. Hays said, "is to invite the advice and co-operation of the ablest men and women from all groups, sections, industry, business professions and interest in the nation; to gather pertinent facts and data, to study intensively the larger problems confronting us and to offer the result of their efforts as suggestions to the resolutions committee."

"This committee will itself be a working body," he added, "and will suggest the line of thought and investigation for a great many others. Many of the committee will give their entire time to the effort. Those giving a substantial amount of time will constitute an executive committee of which Ogden L. Mills, Jr., of New York City will be chairman and John Callan O'Laughlin of Washington, D. C., secretary."

"Party programs," Mr. Hays asserted, "must always be subject to amendment and change by the responsible living thought expressed within the party by men and women alike. The Republican party's half-century of achievement is the best guarantee to the country of future fulfillment that its usefulness will depend."

The party must continue to be the instrument to apply to new and changing conditions the wisdom of experience and the efficiency of honest zealous services. It is the party of the future or there is no use for the party.

"To men and women alike is offered the right of self-determination. The duty of the party membership is to say what the party's purpose shall be, what its policies shall become. The fundamentally essential right within a political party is to the opportunity of the membership to express itself."

It is the problem of the party membership to determine what the party stands for. That it all, however, should run a supreme motif and the Republican party's supreme motif is the honest and unselfish, patriotic and intelligent effort to promote and safeguard the best interests of the Republic and its citizens.

POSTPONE TRIAL OF ST. LOUIS GIRL

ST. LOUIS, Mo., Jan. 28.—The trial of 16-year-old Ursula Broderick, charged with killing her step-father, Joseph Woodcock, last April, was postponed for two months today after a jury had been obtained to try the case. The jury was dismissed.

Judge Klene of the juvenile court before whom the case was being tried stated to the jurors that they would have to determine only the question of guilt. After the jurors were selected the lawyers contended that the jury would have to determine also the degree of guilt in case of conviction. The judge agreed with them and admitted that he had been mistaken which he ruled necessitated the choosing of another jury. Accordingly the trial was postponed until March 29.

Miss Broderick in this case admits killing her stepfather and claims that she did so when he attempted to attack her. She also killed her father in 1916 but was exonerated at that time by a coroner's jury on the plea that she acted in defense of her mother.

UNUSUAL SITUATION

St. Louis, Mo., Jan. 28.—Hanging on the outside of a fast moving express car while it was burning up, was the experience of M. C. Billingsley of Toledo, O., early today.

Finding himself trapped when the explosion of a lamp set fire to a capacity load of dynamite, Billingsley, who was the messenger in charge of the car, broke open a window, crawled outside and held on until Edwardsville, Ill., was reached. The loss to the car and contents amounted to \$29,000.

MARTENS' TESTIMONY BROUGHT INTO TRIAL

Effort Made to Link Socialists With the Bolsheviks of Russia at Hearing of Suspended New York Assemblymen.

Albany, N. Y.—In its effort to link the Socialists of America with the Bolsheviks of Russia, in a conspiracy to overthrow organized government here the five suspended Socialist assemblymen charged with disloyalty today succeeded in introducing in evidence the testimony obtained by the joint legislative committee investigating radicalism from L. C. A. K. Martens, self-styled Russian soviet ambassador to the United States.

The assembly judiciary committee conducting the investigation admitted the evidence after protests by the Socialists' counsel, Seymour Stedman then demanded that, if the testimony be read at all it be read in its entirety.

The prosecution also put into the record speeches made in New York at a meeting held to celebrate the second anniversary of the revolution. These included remarks by Assemblyman Charles Solomon a defendant who presided, a speech by James O'Neill, editorial writer for the New York Call and another by a representative of the Boston police union.

Solomon's remarks were chiefly in the nature of an appeal for funds for the striking steel workers, discussion of the political situation and praise of O'Neill's speech.

O'Neill in defending soviet Russia had compared the revolution there with the American revolution and the red guards with the Sons of Liberty.

The chief witness of the day was Mayor George L. Lunn of Schenectady who testified he had been ousted from the party to office instead of a Socialist and had refused to discharge from office a Socialist who had voted for other than a Socialist candidate.

Mr. Lunn, a former member of congress also testified that he had pointed out at the Socialist state convention in Rochester, in 1914, that with aliens admitted to full membership it might be possible for them at the meeting of a local to issue a party instruction.

"I did not believe any elected official should be instructed in his official acts by those who are not entitled to vote," said Mr. Lunn. "Such a method I consider un-democratic and un-American."

WADSWORTH DECLARES MONDELL INCORRECT

Figures on Money Needed for Reorganization of Army Differ by Many Millions.

Washington, Jan. 28.—Chairman Wadsworth of the senate military committee which agreed Monday to report favorably on a compulsory universal military training plan, declared tonight that Representative Mondell of Wyoming, Republican leader of the house, was incorrect in his statements that one billion dollars would be required to administer the army reorganization bill with its universal training provision. War department estimates, Chairman Wadsworth said showed that the annual cost would be approximately \$400,000,000 less than the figure set by Representative Mondell.

An examination of the estimates submitted by the "war department" said Senator Wadsworth in a formal statement, "will disclose that, under no circumstances will the bill involve an expenditure of a billion dollars annually or anything like that sum. They show that following the passage of the bill annual expenditure for the next succeeding six years will run as follows:

1921, \$645,379,000; 1922, \$670,630,000; 1923, \$680,077,000; 1924, \$696,532,000; 1925, \$700,937,000 and 1926, \$742,750,000.

These figures the senate chairman said were prepared on the theory that the regular army and national guard would be maintained at the authorized maximum strength and without taking into account the enormous quantities of surplus stocks of equipment now on hand.

The committee has revised the estimates of the war department, the statement says and believes that the annual cost of the proposed military establishment will be considerably reduced.

In considering these estimates it should be remembered that they include the cost of the very competent personnel on regular army, the national guard, the transportation, subsistence, clothing, laundry, medical attendance and pay of all young men to be trained and all the elements of overhead including maintenance and repair of buildings and utilities.

Senator Wadsworth testified in 1917 the average cost of a trained soldier, trained up to the universal training system would be \$749, while in 1926 it would be only \$170 while today it is \$100. He pointed out that to support a soldier in the regular army.

HANLON SCORES KNOCKOUT

St. Paul, Minn., Jan. 28.—James Hanlon of Denver scored a knockout over Al. Al. Han of Waterloo, Iowa in the fourth round of a scheduled ten round bout here tonight.

EIGHT TENTATIVE JURORS SELECTED IN NEWBERRY CASE

Rapid Progress Made
in Session of Court
Wednesday

BOTH SIDES ARE SATISFIED

GRAND RAPIDS, Mich., Jan. 28.—Rapid progress was made today in the process of selecting a jury to hear the evidence for and against United States Senator Truman H. Newberry and his 123 co-defendants charged with conspiracy to violate federal statutes in connection with the 1918 senatorial campaign. In less than five hours' session the eight prospective jurors had been questioned and passed for cause and two others had been excused by the court. Peremptory challenges will not be exercised until twelve men have been passed but it was predicted tonight that this stage might be reached tomorrow.

Each side offered a challenge for cause and both were overruled by the court. The defense interposed its objection to Louis A. McIntyre, a bookkeeper of some City, the first man called to the box. The government challenged Fred Smith of Elk Rapids. After he had identified nine of the defendants as warm personal friends, business or political associates or casual acquaintances.

Smith disclaimed the existence of any prejudice either for or against the defendants and Judge Lawrence W. Sessions deviated from none of the relations had existed recently. Among other defendants Smith said he had been manager of an iron concern of which Frank W. Blair of Detroit was a director and that later he was a next door neighbor of Myron Sherwood in Marquette.

Attorneys for prosecution and defense expressed satisfaction with the amount accomplished today and Judge Sessions complimented them as he adjourned court a few minutes ahead of the scheduled hour.

"The material had been so thoroughly combed by the questionaire which the court sent out that an unusually high grade of jury material has been presented," said W. H. Elchorn of Buffalo, Ind., who conducted the examinations for the prosecution. "We are decidedly pleased with the progress."

Martin W. Littleton, chief of counsel for the defense said, "We are satisfied with the day's work."

Besides McIntyre and Smith who were passed today were Frank Armstrong, a bank cashier of Albion, 35 years old, the youngest of the eight; Charles E. Trim, 53, keeper of a general store at Bloomington; Jacy Wadsworth, 56, a farmer of White Cloud; Oran J. Houghton, 22, a farmer of Westville; William A. Young, 48, manager of several farmers' co-operative associations at Bellevue, and Will S. People, 51, a former sheriff of Emmet county.

WILL INVESTIGATE MYSTERIOUS WIRELESS SIGNALS FURTHER

London, Thursday, Jan. 29.—William Marconi informs the Daily Mail that investigations are in progress regarding the origin of the mysterious signals, which he recently described, being received on his wireless instruments. He hopes to make a statement on the subject at an early date. Marconi insists that "nobody can yet say definitely whether they originate on the earth or in other worlds."

ELECTED RAILWAY PRESIDENT

Philadelphia, Jan. 27.—N. D. Maher was today elected president of the Norfolk & Western railway. At present he is regional director of the Pocahontas region. He begins his new duties, March 1.

L. E. Johnson, retires as president and will become chairman of the board. William G. McDowell, vice president in charge of finances and accounts was re-elected at his own request after forty years service. He will become assistant to the president.

Among the missing men may be placed the old hobo who wanted a job shoveling snow.

The naval scandal was fortunately corked up during the war period.

Twelve prohibition states have united to fight Rhode Island in the courts over the Eighteenth Amendment.

"A Distinguished Individual, who is bucking the United States Senate" is the latest term addressed to President Wilson.

"Peaceful money makers," Gov. Coddie of Massachusetts, for the Republican nomination for the presidential chair, have been improved by the wording of his recent declaration. He said, "I have not been and am no candidate for president." Francis of Gen. Wood had started a campaign for the delegation from Massachusetts and the governor did not care to enter into a fight in his home state.

Loyal Wilsonians are slowly recovering from the shock presented them by friend Bryan when he smashed the program at a recent banquet.

The eight senators who have blocked the program of Senator Lodge regarding the league of nations are certainly "scrappers."

In the Democratic platform upon which Wilson was originally elected was a plank declaring for a single term in the presidential chair. The trouble from now on will be to get a single term for any Democrat.

In Decatur, where they are planning an imposing reservoir for their water supply, the papers charge that real estate men are complicating matters by securing options on lands that will be overflowed and are complicating matters by holding them for higher prices. The city authorities object to paying a big profit to speculators. Here in Jacksonville there was no attempt by real estate men to profit by the city's needs.

BENEFITS FOR SOLDIERS.

Referring to the enactment of the Sweet bill to amend the war risk insurance law and to increase the benefits to the American soldiers of the world war Senator Capper of Kansas said: "It gives greater benefit to the soldiers, and provides among other things, for the payment of insurance of service men in a lump sum if desired by the insured. Many other provisions clarify the law and make more simple and more speedy the payment of the belated allotments and allowances of the soldiers, sailors and marines."

"This is an act of simple justice, and should be followed by other laws granting other just and deserved benefits to service men, especially those who are disabled and incapacitated for work. Whether a lump bonus should be paid, or whether the legislation should take the form of loans for the purchase of homes, either in town or country, remains to be decided, but certainly this country can afford to be generous to the men who fought our battles."

INTEREST OF THE PUBLIC.

The Republican Publicity Association thru its President, Hon. Jonathan Bourne, Jr., has given out the following statement from its Washington Headquarters:

"Thruout all the sections of the Senate railroad bill runs the definite idea that the legislation has been conceived and written for the benefit of the people as a whole. Every act of the Interstate Commerce Commission and of the Transportation Board, as created by the bill, is hedged about with the restriction that it must conform to the interests of the public. Here are a few of the instances where specific mention is made of the public interest:

"In making changes in rates and classifications, the Commission shall take into consideration the interests of the public."

"The Transportation Board shall make inquiry respecting the transportation needs and facilities of the whole country."

"The Board shall make to the Commission representations in the public interest."

"The Board shall report to Congress measures that will promote and protect the interest of the public."

"The Board may require the joint use of terminals, if it finds it to be in the public interest."

"The Commission may permit railway consolidations if it shall find that the public interest will be promoted by the consolidation."

"No railroad shall issue any more stock or bonds unless it is 'compatible with the public interest.'"

"A railway corporation may be dissolved if it is no longer necessary or convenient in the public interest."

"Board may suspend existing car service rules in emergencies, and substitute others in the interest of the public and the commerce of the people."

"No road shall enter upon new construction unless 'public interest requires or will require the construction.'"

"No existing road shall be abandoned unless 'the present or future public interests permits such abandonment.'"

"Railroad must provide itself with more adequate facilities if public interest."

"Commission may order division of traffic in such a way as 'will be in the interest of better service to the public.'"

"Commission may simplify rate schedules if 'the public will be better informed by so doing.'"

"Rail connections between docks and railroads shall be made only when it can be done with safety to the public."

"In dividing joint rates between participating carriers the Commission must consider 'the importance of the carrier to the public as a transportation utility.'"

"In times of emergency such temporary thru routes may be established as 'are necessary, or desirable in the public interest.'"

"Perhaps never before has the interest of the public been so continuously in mind as in the conception and perfection of the railroad bill as passed by the Senate. If it shall become a law substantially as written the people will at last have come into their own. The term 'public utility' has long been a misnomer. Many roads have been used as private utilities for the creation of immense individual fortunes. Others have become the butt of experiment by State legislatures, with disastrous results to themselves and the public. The roads as a whole have come to be regarded upon by some employees as their own private property. The bill to be paid by the public and the profits, if any, divided between public and employees. Now, under the terms of the Senate bill, the roads are to become in reality public utilities and will be operated as such."

"We are rounding up the Reds, and we're putting them in jail; Justice the Avenger, trends on their anarchistic trail; retribution is in touch with the guys who talked too much, and they're cooped up in a hutch, and they find existence stale. Soon there'll

be another Ark sailing o'er the slushy sea and the Red jays will embark for old Russia, which is free; dear old Russia, freedom's home! Government is there a pome, and the Reds will cross the foam chanting eulogies for thee! How their loyal hearts will yearn for sweet Russia, storied place! When they see her beacons burn they'll in ecstasy embrace; freed from Yankee tyrants' rule, from our coolers, much too cool, they will dance like boys from school, when they see fair Russia's face. Emma Goldman may be there, waiting for them on the shore; Emma, radiant and rare, who had made the trip before; we can see as she smirks, leading countless freaks with dirks, anxious to open the works, and to spill some quarts of gore. Joyful will the meeting be when the second ark arrives, and the exiles, wholly free, greet the flag and beat their wives; honest Reds, who hate the rich, and would plant them in a ditch; patriots who have the itch and the cooties and the hives."

Three short farces will be given in entertainment hall at Central Christian church Thursday evening. Admission 15 cents.

ROUTT HIGH NOSES OUT NEW BERLIN

Coach Conlin's Men Came From Behind in Second Half and Defeated Sangamon County Team by Score of 22 to 19—Game Was Fast Thruout—Routt Plays Versailles Friday Night.

Routt high school came from behind in her game with New Berlin at Liberty hall Wednesday evening and nosed out the visitors in the last few minutes of play by a score of 22 to 19.

Routt started off over-confident and Zell tossed a basket right from the tip. However, New Berlin tightened up, and Routt started to foul and when the half closed the score was 13 to 6 in favor of New Berlin.

In the half Routt had ten personal fouls and three technical fouls called. Of these Lawrence, center for New Berlin tossed seven which gave his team the lead.

During the intermission Coach Conlin gave his men some strong advice and evidently it had its effect for the men staged a great come-back and held New Berlin to two field baskets and also held their foul down.

While doing this the Routt tossers also negotiated eight field baskets which gave them the lead and the game. Ginn was sent to the side lines in the first half for four personal fouls.

Routt has a game booked with Versailles high for Friday night. This game will be played at Liberty hall. On Saturday night the team journeys to White Hall for a game. The Routt team is playing consistent ball now and should win both of these games. The score:

It is probable the chances of Gov. Coddie of Massachusetts for the Republican nomination for the presidential chair, have been improved by the wording of his recent declaration. He said, "I have not been and am no candidate for president." Francis of Gen. Wood had started a campaign for the delegation from Massachusetts and the governor did not care to enter into a fight in his home state.

Three short farces will be given in entertainment hall at Central Christian church Thursday evening. Admission 15 cents.

OLD JACKSONVILLE

JOHN BARLEYCORN AND A RAILROAD

By Ensley Moore

(Memoir Illinois State Historical Society)

A recent issue of the Alton Times, kindly sent by the Hon. W. T. Norton, who probably wrote the "Snakehead Railroad," had also, at the head of the column "The aftermath of high living," which seems singularly appropriate, in view of the recent misfortunes of many an old settler's boon companion John Barleycorn. Dr. Samuel Willard used to live here, and was graduated from Illinois College in 1843. He was himself interested in railroad affairs, having been a conductor on the "Under ground railroad."

Specimens of the original rails of the "Northern Cross" can be seen in the window of the Farmers' State Bank.

The two extracts follow:—
The Aftermath of High Living
John Gay, an English poet of the 17th century, must have "dipped into the future" when he wrote:

"So comes the reckoning when the banquet is o'er,
The dreadful reckoning, and men smile no more."

The Snake-head Railroad.
Dr. Samuel Willard, who was born in Boston in 1821 and came to Carrollton, Greene county, with his father's family in 1831, and was, later a resident of Alton, wrote in his old age, the following description of the first railroad in Illinois:

"Among the States that plunged at once into railroad building, our own Illinois was foremost. A map of Illinois for the year 1837 showed a wonderful network of projected railroads to be owned and operated by the State. It was notably unlike that which the developed commerce of the State created later. It was the politician's map, developed by personal greed and carried by log-rolling, 'you vote for my road and I vote for yours.' The State set thousands of men to work to make cuttings and embankments. Almost all this labor was in vain, and the commercial crash of 1837 left the State burdened with a heavy debt and with only one short railroad to show. That was called, 'The Northern Cross Railroad,' running from Meredosia on the Illinois river to Jacksonville in 1839. Later it was continued to Springfield."

"Railroads in those days were made by laying upon the earth surface, cross ties as we lay them now; then timbers of about eight or ten inches square and of convenient length were laid lengthwise as we now lay the 'T' rail, and were fastened to the ties."

Upon the face of these stringers were laid bars of wrought iron an inch thick and about three inches wide, called strap-rails. These were pierced with holes so that they might be spiked to the stringers, the holes being counter-sunk, so that the heads, of the spikes should not come above the surface of the rails. The end of the strap-rail was cut at the common meter angle of 45 degrees so that each rail might match with its neighbor and avoid the square break across which causes the perpetual click and hammering which we now hear on our roads. If this looked like the making of a good road, but in practice the weight of the locomotive and loaded cars tended to lengthen the thin straps, to loosen the end spikes, to curve up the ends and draw the spikes, and at several inches. Such elevated points were called snake-heads. If the snake head rose so high that it struck an approaching car wheel, above its middle, the strap would be forced up into the car, generally going through the car and doing mischief. A snake-head entered a car and shot up between a woman's knees making a ridiculous mess of her skirts, but she was glad to escape deadly hurt. Presc. Wright, of Springfield, told me that he and a friend were once about to start on the same car, when the friend said: "Come, Press, let's go and take a last drink together." The car had gone but a few miles when a snake-head tore up through the floor, struck his friend under the chin, and pushed to his brain, carrying him up bodily, a quivering horror.

"Once when I was a passenger on the road from Jacksonville to Meredosia, the engineer would stop the train whenever he saw a snake-head, no matter which way it pointed. He would jump down with a hammer and spikes, run forward and nail down the peril. One day the 'Betsey Baer' the best engine, went off into the ditch and raising her was too expensive. Her lack of speed was so pronounced that it was said the cow-catcher was put on the rear to keep the cattle from running over the train. Thus for a while mule power took the place of the engine. I rode thus from Jacksonville to Springfield in May, 1845. Next followed utter abandonment of the road; a hundred thousand dollars was almost wasted; the whole concern was sold to a corporation for ten thousand dollars."

"The Hoodlum" is Mary Pickford's Greatest Character — She's a Comedy Riot as "Burkses Amy"

Putting a tight lid on French heels, sport models, six maids and two chauffeurs, Mary Pickford, as Amy Burke in "The Hoodlum," becomes a professoress in crap-shooting, the conductor of the Hardy-Gurdy, a chambermaid for bums, and an enemy to soap and water in her story of a girl who loved her poor father more than she loved her rich grandfather, and in the loving discovered a hero whose bertillion measurements exactly fitted her ideal of a husband.

MARY PICKFORD

as tough street urchin in

"The Hoodlum"

"Just Folks" like you and I envy the rich and pity the poor. But we need not think either has a monopoly on the joys of life. In the opening reels of the picture we see how a very rich little girl plays and then we see how the same little rich girl enjoys the wild life of the slum children. And now we're guessing which is the better off. Make your own choice when you see the Hoodlum.

Unquestionably her Greatest Character Role

The Ajax Road King has a wider wearing surface—more rubber where it should be—more tread on the road. The tread wears down slowly and evenly, and as long as there is a vestige of it left, you'll find it grips the road effectively.

Then, even after the tread has worn down completely, you still have the good mileage expectancy of the average plain tread tire.

FOR INDIGESTION

The Best Cough Syrup is Home-made.

Here's an easy way to save \$2, and yet have the best cough remedy you ever tried.

You've probably heard of this well-known plan of making cough syrup at home. But have you ever used it? Thousands of families, the world over, feel that they could hardly keep house without it. It's simple and cheap, but the way it takes hold of a cough will soon earn it a permanent place in your home.

Into a pint bottle, pour 2 1/2 ounces of Pinex; then add plain granulated sugar syrup to fill up the pint. Or, if desired, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, it tastes good, never spoils, and gives you a full pint of better cough remedy than you could buy ready-made for three times its cost.

It is really wonderful how quickly this home-made remedy conquers a cough—usually in 24 hours or less. It seems to penetrate through every air passage, loosens a dry, hoarse or tight cough, lifts the phlegm, heals the membranes, and gives almost immediate relief. Splendid for throat tickle, hoarseness, croup, bronchitis and bronchial asthma.

Pinex is a highly concentrated compound of genuine Norway pine extract, and has been used for generations for throat and chest ailments. To avoid disappointment ask your druggist for "2 1/2 ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

Nasty Colds

Get instant relief with
Pape's Cold Compound

"Don't stay stuffed-up! Quit blowing and snuffing! A rose of 'Pape's Cold Compound' taken every two hours until three doses are taken usually breaks up a cold and ends all gripe misery."

The very first dose opens your clogged-up nostrils and the air passages of your head; stops nose running; relieves the headache, dullness, feverishness, sneezing, soreness, stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance. Tastes nice. Contains no quinine. Insist on Pape's!

STOMACH ULCERS GONE SUFFERED 16 YEARS

Says his stomach is perfect now, and his weight has increased.

"I had ulcers of the stomach so bad that I was sent to the hospital. Treatment there finally got me on my feet, but in a few days I was down again."

"You said you wouldn't guarantee Milks Emulsion to cure a bad case of ulcers of the stomach, but I tried it anyway. If it does the work for others as it did for me, you ought not to be backward about any case of stomach ulcers. I have now taken twelve bottles and my stomach is in perfect condition. I feel better and weigh more than I have for 16 years and I have had stomach trouble all of that time."—L. S. Walker, Greenleaf, Kan.

Thousands of people who have suffered agony from chronic stomach trouble in its worst forms, have been promptly relieved and soon restored to perfect health by Milks Emulsion. A trial will show, and a trial costs nothing.

Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milks Emulsion is strongly recommended to those whose sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. Truly wonderful for weak, sickly children.

No matter how severe your case you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60¢ per \$1.20 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.

INSTITUTION HEADS IN CONFERENCE HERE

Managing Officers of State Hospitals for the Care of the Insane Held Get Together Meeting—Sessions Held at Jacksonville State Hospital.

Managing officers of the various state hospitals for the care of the insane met in conference at Jacksonville state hospital Wednesday. The meeting was in the nature of a get-together gathering and proved of great interest.

Those in attendance at the conference were: Charles H. Thorne, director of the department of public welfare; A. L. Bowen, superintendent of charities; Dr. H. Douglas Sinker, state alienist; Dr. Reed, Chicago state hospital; Dr. Cohen, Kankakee state hospital; Dr. Zeller, Alton state hospital; Dr. Caldwell, Lincoln state school and colony; Dr. Anderson, Anna state hospital; Dr. E. L. Hill, Jacksonville state hospital.

There was no set program for the day. The visitors were guests of Dr. Hill at the hospital and the day was spent in the exchange of views on the various phases of the work that is being done.

The visitors also spent some time in inspecting the occupational department of the institution. The local hospital was one of the first institutions in which the occupational department was installed. Perhaps the work is farther advanced here than elsewhere, though, all of the institutions now have similar departments.

The conference was a success in every particular and there is no doubt but that great good will result from the meeting of Wednesday. Most of the visitors departed for home Wednesday evening.

The Carpet Sweeper vs. the Broom

The broom stirs up a cloud of dust—part of which is breathed by the occupants of the room, leaving the rest to settle whence it came—which means MORE work.

The Carpet Sweeper picks up all dust and dirt and deposits them inside the sweeper. This method REDUCES work.

Pushing a broom is drudgery. Pushing a Carpet Sweeper, healthy exercise. Its cheaper, too. One good Carpet Sweeper will last several times longer than the brooms that might be purchased with an equal sum.

WEDDED IN PRETTY
HOME CEREMONIAL

Miss Augusta Carlson is Bride of
Earl Hempel — Will Live on
Farm in Point Neighborhood.

In a very pretty home cere-
mony Miss Augusta Carlson last
night became the bride of Earl
Hempel. The ceremony was
solemnized at 8 o'clock at the re-
sidence of Mr. and Mrs. Fred Gus-
tafson, 608 West College street.
Fifty relatives were present in
the interested company. Rev. M.
L. Pontius, pastor of the Central
Christian church, officiated, using
the impressive ring service.

Miss Catherine Gustafson was
at the piano and as the wedding
party appeared in the parlor
played the wedding march from
Lohengrin. Later as the mem-
bers of the company were extend-
ing congratulations the pianist
played "Simple Confession." The
bride was attended by Miss Helen
Whitmer of Springfield and the
best man was David Gustafson.

The bride's gown was of ivory
white satin trimmed with Orient-
al lace and beading. Her tulle
veil was caught with a spray of
white narcissus and she carried
a bouquet of bride's roses and
narcissus. Miss Whitmer's dress
was of blue taffeta and crepe de
chine and she wore a corsage bou-
quet of pink roses.

The home had been tastefully
decorated for this wedding event.
The principals and their attend-
ants stood before an embankment
of ferns and the parlor was other-
wise beautified with pink roses.
In the dining room there was an
intermingling of pink carnations
and ferns, and in the other rooms
at the disposal of the guests the
decorations were in accord with
the pink and green coloring. Af-
ter congratulations had been ex-
tended substantial refreshments
were served.

The bride after attending the
public schools, graduated from
Brown's Business college in 1913.
Immediately afterward she took
a position as bookkeeper for the
Central Union Telephone com-
pany and continued to serve ac-
ceptably in that capacity until Jan-
uary of the present year. She
has been identified with Central
Christian church actively in var-
ious lines of work and withal
is a young woman held in high
esteem not only by intimate
friends but also by a much larger
circle.

The groom is a son of Mr. and
Mrs. H. F. Hempel of South Jack-
sonville. He was educated in
local schools and for several years
past has been identified with
Jacksonville business affairs. He
is a young man of fine character
and accounted in every way
worthy of his present good fortune.
Mr. Hempel was in the
army services and was located for
a number of months at Camp
Grant.

In one room open to the guests
gifts to the bride and groom were
viewed last night and they were
of a kind to well attest the es-
teem of relatives and friends.

Mr. and Mrs. Hempel after
March 1 will be at home on the
Hempel farm six miles south-
west of Jacksonville.

Among relatives present at a dis-
tance present at the wedding were
C. N. Anderson and family, C. F.
Carlson, and Billy Iyle, Virginia;
Charles Gustafson and family of
Ashland.

IS SUCCESSFUL TEACHER
IN CHICAGO SCHOOLS

The Pleodian, a monthly maga-
zine published under the aus-
pices of Pleiades Lodge No. 478,
A. F. & A. M. in Chicago, in a
recent issue tells about a file
Christmas box sent to Gilbert
Corcoran at the army hospital at
St. Sheridan. This box which was
of an especially elaborate kind,
was prepared by Miss Teresa
Flynn, formerly of this city, and
her pupils in the John Spry
school in Chicago. Miss Flynn is
the successful teacher of room
402. The pupils in addition to
preparing the box, wrote a letter
in rhyme and this pleased Mr.
Corcoran almost as much as the
gifts. Mr. Corcoran is a veteran
of the war and a member of
Pleiades lodge.

23 to 17—Small Playing Floor
Handicapped Jacksonville Play-
ers.

Jacksonville high, playing al-

defeat at Griggsville Wednesday
night by a score of 23 to 18.

The Jacksonville players were
handicapped by the small playing
floor which made it necessary to
make long shots all the time, as
the guarding was so close because
of the limited floor space that not
much team work could be done.

Hunt opened the game by scor-
ing the first basket with a shot
clear across the floor. The team
could not finish in time to get
back on the evening train so they
were compelled to remain over
night and will return this morn-
ing.

NEWS PRINT SHORTAGE IS VERY ACUTE

Publishers Organize in Intensive
Way to Conserve Paper—Situation
Dangerous for Many
Papers.

There is no questioning the seriousness of the newsprint shortage throughout the country. Earns steps have been taken by the national conservation committee, acting thru publishers of the several states, to bring about economy in the use of print. This action is absolutely necessary or a great many of the smaller papers will be forced to suspend.

Recently a meeting of Indiana and Illinois publishers was held at Hotel LaSalle in Chicago, to further perfect plans for the saving of paper. The regional chairman for Illinois and Indiana is Edgar E. Bartlett, publisher of the Register-Gazette of Rockford, chairman for each congressional district of the state was appointed whose duty it is to impress on all

publishers throughout the district the seriousness of the situation. In this, the twentieth district, W. L. Fay was appointed as district chairman and as such is calling upon the newspaper publishers in the various counties of the district to use their most earnest efforts to save paper. L. E. Miner of the Springfield Journal is chairman for the twenty-first congressional district, and C. C. Marquis, Bloomington, chairman for the seventeenth district.

District Chairmen.
The chairmen appointed for the various districts appear below:
Districts 1, 2, 3, 4, 5, 6, 7, 8 and 9, Col. Robert R. McCormick, Chicago, Tribune.

District 10—W. J. Smith, Waukegan, Sun.

District 11—A. M. Snook, Aurora, Beacon News.

District 12—F. M. Snapp, Ottawa, Rep. Times.

District 13—D. B. Breed, Freeport, Standard.

District 14—John Sundine, Moline, Dispatch.

District 15—O. N. Custer, Galesburg, Republican Register.

District 16—H. M. Pindell, Peoria, Journal Transcript.

District 17—C. C. Marquis, Bloomington, Pantagraph.

District 18—John H. Harrison, Danville, Commercial News.

District 19—H. F. Kendall, Mattoon, Journal Gazette.

District 20—W. L. Fay, Jacksonville, Journal.

District 21—Lewis H. Miner, Springfield, Journal.

District 22—A. T. Spivey, East St. Louis, Journal.

District 23—M. J. Seed, Mt. Vernon, Register.

District 24—Roy L. Seright, Harrisburg, Register.

District 25—W. O. Paisley, Marion, Leader.

The general chairman for Indiana is F. A. Miller, South Bend, Tribune.

From National Chairman.

At the Chicago conference the following telegram was read from Bradford Merrill of the New York American, who is general chairman of the conservation committee.

New York, N. Y.
Edgar E. Bartlett, chairman publishers committee, LaSalle hotel, Chicago:

Essential fact to impress upon everybody is that newspapers have used lately ten per cent more paper than is being made on this continent. If publishers do not co-operate and make drastic concessions, some publishers will have to go without paper and suspend publication. This will create a situation detrimental to newspaper business as whole. Three new bills introduced

in congress in last week arbitrarily limiting size of papers acceptable for mailing. Methods being adopted by eastern publishers are:

First. Omission of advertisements above certain number of pages daily. This is bad because it disorganizes advertisers' retail business. Only remedy is curtailing space contracts of big advertisers, raising rates under new contracts, giving publishers right to cancel contracts on thirty days' notice, or to reduce average allotment of space to large advertisers, treating all impartially.

Second. Increase price of Sunday papers to dealers, cutting off all returns. This last has just been done in New York without causing any serious trouble or loss of circulation, dealers receiving of course slightly increased commission on higher price.

Third. Reduction of ten to fifteen per cent in newsprint and miscellaneous by more rigid condensation. We are, as Franklin said, "All in the same boat." If publishers do not hang together in making drastic saving they will hang separately.

in congress in last week arbitrarily limiting size of papers acceptable for mailing. Methods being adopted by eastern publishers are:

First. Omission of advertisements above certain number of pages daily. This is bad because it disorganizes advertisers' retail business. Only remedy is curtailing space contracts of big advertisers, raising rates under new contracts, giving publishers right to cancel contracts on thirty days' notice, or to reduce average allotment of space to large advertisers, treating all impartially.

Second. Increase price of Sunday papers to dealers, cutting off all returns. This last has just been done in New York without causing any serious trouble or loss of circulation, dealers receiving of course slightly increased commission on higher price.

Third. Reduction of ten to fifteen per cent in newsprint and miscellaneous by more rigid condensation. We are, as Franklin said, "All in the same boat." If publishers do not hang together in making drastic saving they will hang separately.

CIGAR MAKERS GAVE THEIR ANNUAL BALL

Varied Program Preceded the
Dancing—Union President Gives
Organization History—Mayor
Says Mutual Confidence is Basis
of City Progress.

The annual cigarmakers' ball was held Wednesday night at K. C. hall on East State street. Two hundred and sixty tickets had been sold for this interesting social event and consequently a great throng was in attendance. It was something of an innovation for comparison with former years, as a brief formal program preceded the dancing, which began at 10 o'clock.

Henry Herring, as president of the Cigarmakers Union, presided during the program. John E. Fogarty was chairman of the executive committee. Large orchestra furnished the music. The general program began with an orchestra number and then a colored team gave a musical speciality. This was followed by a recitation by Louis Henderson of the cigarmakers' union, "The Face on the Bar-room Floor." A clog dance was given by Herman Lair and this was followed by a song by Albert Strauss, who responded to an encore.

Then Mr. Herring gave a brief history of the local cigarmakers union which is about sixty years old. He then introduced Mayor Crabtree for an address on "Greater Jacksonville." The invitation to the mayor to be present had evidently been extended by the committee because of the cordial feeling the union has for the present city administration and its efforts for the good of Jacksonville.

Early History Recalled

Mr. Herring recalled the names of the officers elected when the Jacksonville union was organized in June, 1880, together with the charter members. They were:

President—Jacob Roedershim.

Vice president—L. C. Cassell.

Recording secretary—Frank Vasconcellos.

Corresponding secretary—Tony Wells.

Financial secretary—Fred Reuter.

Treasurer—James H. Ward.

Doorkeeper—G. Osterbrink.

Trustees—Dan Reuter, Max Cohn, Fenton Sanders.

Members—Henry Gotthelf, Herman Holle, Herman Gotthelf, James Rustemeyer, Joseph Van Standt, Tim Riley, Frank Murphy, John Ochs.

The speaker recalled the fact that the international union was organized in 1867 for the purpose of promoting better working conditions. Soon afterward efforts were directed against tenement and Chinese coolie cigar production. It was in 1886 that the blue ribbon label was adopted and about that time an eight hour day was also adopted.

Mr. Herring said that the figures prove that the average life of workers had been greatly lengthened because of the lesser hours of labor and better working conditions. He also reviewed some of the later achievements of the cigarmakers' organization. The local union today has a membership of 171.

The Need of Confidence

Mayor Crabtree was introduced in a fitting way by the chairman and expressed his pleasure over the invitation to be present. The speaker said that he believed that it was in this way that the cigarmakers were showing their wish to join heartily with city officers in every movement for greater and better Jacksonville. The mayor emphasized his belief that growth and the forward march for the city will only come as the people keep selfishness and personal ambition in the background and have confidence in each other. This of course means pulling together for the common good. He spoke of what the solving of the water problem is going to mean for Jacksonville and referred to the need of an improved sewerage system.

"Nowadays managers of factories," he said, "are paying a great deal of attention to the health of employees and the sewerage system is directly related to that problem. With water supply secured and some other betterments in prospect, Jacksonville is certainly ready to go. But we must not forget that right now is the testing time and that we are in the period where prosperity hangs in the balance. If we can keep before us the slogan, 'Everything for the good of Jacksonville' and exemplify it, there will be no question about the future."

"Everything cannot be done in a day, a month or a year. So far this administration, with the aid of the people, has just scratched the surface. We are striving to outline a constructive policy by which we can build not only for today but for the future. Whatever is accomplished must come thru the aid of citizenship. I believe that citizens should know all the facts, for when they do and understand these facts, in their proper relationship, then will come the support and endorsement for those things which are worth while."

As indicated, dancing began at 10 o'clock and continued until 2 a. m. It was in all ways a joyful and well ordered event, ranking well with the various successful dances that the union has given with passing years.

LOYAL SPIRIT SHOWN BY ILLINOIS COLLEGE MEN

Forty-Five Gathered at Alumni Banquet in New York City—Special Honors Paid Mrs. E. A. Tanner—Dr. Edward Capps one of Speakers.

The Journal is in receipt of the following report of the recent Illinois College alumni banquet written by Rev. George C. Lenington, now serving in the east as an executive secretary of the Reformed Church Progress Campaign.

At the recent meeting of the New York City Illinois College Society their love for the old college brought together forty-five enthusiastic friends of the institution on the hill at Jacksonville. The tables were set in the beautiful colonial room of the McAlpin hotel.

STOMACH UPSET!

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles. Have you a bad taste, coated tongue, poor appetite, a lazy, don't care feeling, no ambition or energy, troubles with undigested food? Take Olive Tablets, the substitute for cod liver oil.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief. Eat what you like. 10c and 25c.

HURRY! YOUR HAIR NEEDS "DANDERINE"

Get Rid of Every Bit of That Ugly Dandruff and Stop Falling Hair

To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of "Danderine" at any drug or toilet counter for a few cents, pour a little in your hand and rub well into the scalp. After several applications all dandruff usually goes and hair stops coming out. Every hair in your head soon shows new life, vigor, brightness, thickness and more color.—Adv.

Mrs. Edward A. Tanner seemed as much a part of the old college days of the graceful tenor of Sturtevant hall, which appeared on a leaflet handed to each guest; Mrs. M. Everett Dwight beamed with the light of a life-long affection for "Illinois"; Mr. Samuel Colcord, ex-'97, left affairs of state long enough to attend and speak in praise of the men whom the college has trained; Rev. Edward P. Hill, D. D., secretary of the Presbyterian college board, came to voice his appreciation of this college; Frederick C. Tanner drove his car twenty-seven miles thru the storm of the night, be- lieving that his wife was father of the old college comes first—but it is impossible to describe the emotions which beat in every breast.

It was a bitter disappointment to everyone that President Ramme-kamp could not be present, especially that it was on account of his being sick. A telegram of love and confidence was sent him. All evening his absence was deeply felt. Others who were sorely missed were Andrew Russell and Frank A. Vanderlip. A telegram expressing his disappointment was also sent by Dr. William J. Grosvenor, grandson of a member of "the Yale band," by which the college was founded. A message was read from Congressman Rainey announcing his hope that Illinois college "would get all she hoped for," as he was deeply interested in this college.

A delightful factor in the evening's program was the general singing of the songs so popular during the war. Rev. E. B. Nash showed his old time chapel grace as he played the accompaniments, and D. D. Smith led just as he used to pour forth his soul at end in the glee club. The arrangements for the excellent feast were made by the retiring secretary, F. C. Coleman. The officers for the new year were elected: President, Harry N. Kirby; secretary and treasurer, Dr. Byron C. Darling, and vice president, Carl M. Owen.

The spring from which bubbled forth the fun, the good fellowship—"Just like old Illinois,"—and the profit of the gathering was Rev. Thomas W. Smith, D. D., just back from Y. M. C. A. work in France and now managing the campaign to secure \$1,250,000 for "Old Illinois," aided by Prof. Edward Capps, recent colonel in the Red Cross work in Greece. The

A Comparison. A Real Case

A paid \$144 per annum for 20 years on an insurance policy of \$2,500. At settlement he took a bond for \$3,250.00.

Twenty-four shares of Savings and Loan, \$12.00 per month, in 10 years, would have given him \$2,400. The interest from this at 6 per cent for another 10 years, invested in 24 shares, \$12.00 per month would give him a second \$2,400.00. Continuing his \$12.00 per month investment in a third 24 shares he would receive a third \$2,400.00 or a total of \$7,200.00 received at end of 20 years and the account would appear thus: At end of first 10 years, 24 shares, \$12.00 per month \$2,400.00 At end of second 10 years, 24 shares, \$12.00 per month 2,400.00 At end of second 10 years, 24 shares paid for with interest on \$2,400, received at end of first 10 years 2,400.00

Total received at end of 20 years.....\$7,200.00 All in his own hands to use as best suited him.

From this deduct amount from insurance settlement \$3,250.00

Leaves Savings and Loan Investment better, by...\$3,950.00

Better than any other investment of small sums paid regularly. These are facts. Think them over. Similar results come to all investors in Savings and Loan Associations.

Young men and young women should take shares at once. Boys and girls who begin early in life in this way with small savings will in a few years have hundreds of dollars ready for business or education or to buy a home when needed.

two felt deeply the absence of their class mate of '87, Hugh Wilson, whose love for the college none could ever surpass. A telegram of deep sympathy was sent to his widow. It was also noted with sadness that Dr. Edward A. Ayers, so long one of the most loyal members of the New York society, will meet with us no more. Dr. Smith made no appeal for money, but gave his whole attention to deepening in everyone their devotion to the college—if such a thing were possible.

Mrs. Tanner was the recipient of attentions from everyone all the evening. Their admiration and love for her were stirring voiced in a poem read by Mr. Vandevort with the title, "Our Queen." A copy of it has been sent to The Rambler.

Prof. Edward Capps described in a few strong words the American Red Cross work which he had directed in Greece—the terrible task of finding, caring for, and bringing back to their homes the one hundred and fifty thousand Greeks who had been deported into Bulgaria; the great character and remarkable achievements of Premier Venizelos; the Greek nation of sterling worth, a bulwark against the "unspeakable Turk." Urging the complete equipment and endowment of Illinois college, he claimed that it was simply "a business proposition" if good education was to be given there, good professors must be gotten; and good professors could only be gotten and held by good salaries.

Altho almost too ill to come to the banquet, Frederick C. Tanner spoke in the unvarying happy Tanner fashion. His sentiment was that Illinois college "is not facing the question as to whether she is going to exist, but whether she is going to be able to project an ideal," the Illinois College ideal.

Prof. John M. Capps spoke briefly of his abiding interest in the old college stating that in all his twenty-five years of teaching experience, "he had never known as efficient a faculty as was at Illinois when he went there." He was sure that people who love the old institution, especially those who live near it, would count themselves happy to continue its work.

Rev. Dr. Edgar P. Hill pointed out the part played by education in the late war, "the war of the schoolmasters." It had been won by the application of educated minds to solve the difficulties. America's place in the world is going to depend on her education. "The present awful predicament of the world is due to the divorce between education and religion." They must be brought together, or the world is lost. The great state universities cannot put an end to the secularization of knowledge. The Christian college is the only institution that can. The hope of the nation depends upon the small Christian college, such as "Old Illinois."

The evening closed with another season of happy greeting and the singing to the tune of "Maryland, My Maryland," these lines, which had sprung Juno-like from the minds of Dr. and Mrs. Smith:
O Illinois, our Illinois,
We shall never forsake her.
As with the flood of passing years
Love shall still grow greater;
There, where the dear old campus lies
Beneath the blue of summer skies,
Shall live the tenderest memories
Of our Alma Mater.
O Illinois, our Illinois,
Fields of whispering corn and grain,
And birds among the maple trees,
Lift their sweet and glad refrain;
Together sing their praise of thee,
"Long live the child of Liberty!"
What may not thy great future be,
Heaven and earth's eternal gain!

Three short farces will be given in entertainment hall at Central Christian church Thursday evening. Admission 15 cents.

CIRCUIT COURT DOCKET
Attorneys met Wednesday with Circuit Clerk Boston to fix the docket for the first week of the February term of the Morgan county circuit court, which will convene next Monday with Judge Jones presiding. No cases were set for Monday. The docket for the remainder of the week is as follows:

Tuesday
Bureau of National Literature vs. Charles Desilva, assumpsit.
Leila F. Filson vs. William T. Filson, separate maintenance.

Wednesday.
Daniel P. Smith vs. John A. Parrish, assumpsit.
J. C. Richards vs. John Berndt, appeal from J. P.

Thursday.
Martin Kenny vs. Central Ill. Pub. Service Co., trespass.

Friday.
L. L. Greasy vs. John Frank, assumpsit.

The illness of several attorneys made it advisable to set a number of cases that it was originally intended to hear the first week of court.

MISS GRACE HOFFMAN MARRIES IN CHICAGO

Former Resident Married Chicago Musician—Is Daughter of Mr. and Mrs. L. P. Hoffman.

Cards are out announcing the marriage in Chicago of Miss Grace Hoffman of this city to Mr. D. C. Swartz of Chicago. The event occurred on January 12.

Miss Hoffman is the daughter of Mr. and Mrs. L. P. Hoffman of the city. She was born and reared here, receiving her education in the public schools, graduating from the High School with the Class of 1915, and from the Illinois College Conservatory of Music in the following year.

Several years ago, she with her sister, Minnie, made her home in Chicago, where she continued her studies in the American Conservatory of Music, and in addition was quite successful establishing a large class of piano pupils, besides doing independent work in line with her profession.

Mr. Swartz is the son of Mr. Adolph Swartz of Hampden, Va. He received his education in Louisville, Ky., and began studying violin with Prof. Surman of Louisville, then with Isadore Spiering of Cincinnati, and later completed his studies with Jene Hubay, the noted New York teacher. For the past year he has been following his profession in Chicago, being director of the Cosmopolitan Theatre Orchestra.

For the present both Mr. and Mrs. Swartz will continue their musical activities in which both have been so successful and which brought them together.

They are residing at the Hotel Strand in Chicago.

WALTON & CO.
HIGH PRICED LAND IN IOWA.

A good many persons have felt that land in this vicinity is very high and that some prices have been paid which seem almost unwise, but they have the fever worse in Iowa than in Illinois, and while there may be desultory patches of superior land there, as a whole it is no better than the average soil of Illinois tho it has much that is good.

A gentleman recently there said he saw a rather broken farm, seven miles from a town, and with just ordinary improvements, sell at \$400 an acre and here he doubted if it would wisely bring half that price or could be sold for more than \$175 to \$200 an acre. The gentleman said that was a sample of a number of sales that came under his notice and he was unable to see any reason for the prices mentioned.

W. C. HURST WILL AGAIN HEAD C. P. & ST. L. ROAD

Will Resume Position as General Manager of the System February 1—Has Been General Superintendent of C. & A. and C. P. & St. L. Since 1918.

It has been announced unofficially that W. C. Hurst will again resume the position of general manager of the Chicago, Peoria & St. Louis railroad February 1.

Prior to the war Mr. Hurst held this position. When the government took over the railroads of the country in 1918, he was made general superintendent of the Chicago & Alton and Chicago, Peoria & St. Louis roads.

The roads were consolidated in accordance with the policy of the government and operated as one road, with the idea of curtailing operating expenses.

The news that the road is to again revert to private ownership will be received with approval by Jacksonville residents. Since the government has been in charge there has not been the service given that cities along the line should have.

The reappointment of Mr. Hurst as general manager will also meet with the hearty approval of local business men. Mr. Hurst is a railroad man who learned the business from the ground up. He has always showed a friendly feeling toward Jacksonville and has always endeavored to give the city the best possible service both as to freight and passenger business.

Arrangements are being made to re-establish the general office in Springfield. It is probable they will be located in the Booth building, which was formerly used by the chief train dispatcher's office will be located in the union station at Springfield.

AN INTERESTING LETTER.

A. L. French came across a letter written by his father, the late Samuel French, in 1852. The writer was addressing his old time friend, the late Henry Irving, the highly respected carpenter and contractor, residing on West College street. Mr. French wrote the letter from a point in Indiana and was on his way to Boston with a drove of cattle. He said in his letter that he had had an offer of a price which would bring him a profit of \$300 but he wanted to weigh the stock in the hub and he did so.

Mr. French said his father drove cattle to the seaboard several times and they probably largely subsisted on grass as they went as the letter to Mr. Irving said grass was good and in those early days fences were far less common than now. Mr. French said he couldn't be positive but thought his father once drove a lot of hogs to New York tho that seems hardly practicable tho there is no telling what might have been done in those days. The late cattle king, Jacob Strawn was the medium of exchange between the merchants in this part of the country and St. Louis, which was then the chief wholesale market of the entire west. Ac- cording to the letter, he was not so frequently as at present. Every one knew Mr. Strawn, his gruff, sharp manner of speaking and acted accordingly.

He would enter a store or ride up in front and call out the merchant and say:

"How much do you owe in St. Louis?"

"Bring it out."

The man of business would meekly obey or bring out as much as he saw fit to pay and take Mr. Strawn's receipt which was just as good as gold in the pocket. The recipient would take the money and buy stock with it, drive the purchase to St. Louis, sell out and hand over the money entrusted to his care.

S. S. KNOLES BUYS STORE BUILDING

Property on North Side of Square Purchased by Well Known Clothier From Miss McDonald.

R. C. Reynolds has sold to Stephen S. Knoles the business building at the northeast corner of North Main street and the public square. The property is owned by Miss Laura McDonald and Mr. Reynolds acted in her behalf. Mr. Knoles has been the tenant of the store room thru a period of years and has conducted a successful business there.

There are office rooms on the second floor and the third floor is a part of the Pythian hall, the building being operated in conjunction with that adjoining on the east, owned by T. M. Tomlinson, and the third building owned by Dr. A. B. Applebee.

In the early sixties the building Mr. Knoles has purchased was occupied as a dry goods store by the late Alexander McDonald. He died in 1867 and the store passed to the hands of two clerks, Bloomfield Dayton and William Smith. Mr. Dayton sold out to his partner and went to Kansas. Mr. Smith later quit and went to Wyoming. Then for some time Atwater & Pratt occupied it with a dry goods store and after them Meier Weil for a while and for the past twenty-five years S. S. Knoles has been the occupant. For many years the rooms on the second floor served as quarters for the city officers and councilmen.

FINAL BI-PARTISAN CONFERENCE ON PEACE PACT TODAY

Chances of Reaching
An Agreement are
Unlikely

BREAK OVER ARTICLE TEN

WASHINGTON, Jan. 28.—Preponderance of senate opinion on the eve of another and perhaps final bi-partisan conference of Republican and Democratic leaders was that a deadlock had been reached making agreement very unlikely at this time on compromise peace treaty reservations.

Reservations to article ten and for preservation of the Monroe doctrine promised to be the center of variance between the two factions at tomorrow's meeting and it appeared that should a break come it would result from inability to agree on these two points. Should the bi-partisan conference be abandoned influences at work in both political parties it was feared today, undoubtedly would have a strong effect toward a compromise which would keep the treaty out of the political campaign.

Article ten and the Monroe doctrine, it became known today, were the only subjects on which tentative agreements have not been reached by the bi-partisan committee. Much of the language of the Republican reservations adopted last session has been agreed to by the Democrats, it was revealed, while many changes had been conceded by the Republicans and two of the reservations had been re-written entirely. Among the changes approved by the committee were the following:

Modification of the preamble so that instead of requiring specific affirmative acceptance of the reservations by three or four of the great powers such acceptance would be taken for granted unless objections were made before disposition of the ratification by the United States.

Qualification of the reservation on voting strength in the league so the United States would not be bound, except in cases where it previously had given its assent by decisions in which any member had more than one vote. In the Republican reservation this exception was omitted.

Change of the withdrawal reservation to make it provide that notice of withdrawal from membership in the league shall be given by a joint resolution of congress instead of may be given by a concurrent resolution.

A joint resolution requires the signature of the president, while a concurrent resolution ordinarily does not.

Elimination of direct reference to Japan or China by name in the Shantung reservation so the United States simply would withhold assent to the Shantung articles and reserve liberty of action in any dispute arising under them.

Complete drafting of two of the reservations so they would require that no representative to the league be appointed without congress and authorization on that no recommendation of the league regarding armaments would be valid until approved by congress. Numerous modifications of language in others of the fourteen reservations.

That providing the United States would accept no mandatory action except by congressional action was one of those, however, remaining intact.

The sticking point on the Monroe doctrine reservation came when the Democrats proposed to strike out a provision that the doctrine should be interpreted by the United States alone while the article ten impasse was reached on a Democratic proposal to make the exemption from the article's obligations apply only to use of the nation's armed forces.

NO CHANGES IN ARMY UNIFORMS

Washington, Jan. 28.—Secretary Baker ruled today that no changes would be made in the present army uniforms mainly because of the high cost of material. At a recent conference of general officers and department commanders suggestions were made for changes in uniform regulations which would include the adoption of the rolled collar, the Sam Brown belt and limited use of the only blue uniforms.

BOMB FAILS TO HIT MARK

Cairo, Jan. 28.—A bomb was thrown by a man impersonating a photographer in a motor car in which the minister of public works, Ismail Sirry Pasha, was driving. The car was shattered but the minister was not hurt. The bomb thrower escaped.

New York, Jan. 28.—The 1920 intercollegiate regatta will be rowed over the Hudson river course at Poughkeepsie on Thursday July 1 it was decided by the board of stewards of the regatta today.

LABOR LEADER ASSAILS BOLSHIEVISM

Gompers in Current Article of Labor Condemns "Reds," "Completely, Finally, and for All Time."

Washington, Jan. 28.—Writing in the current number of the Federationist, official organ of the American Federation of Labor, Samuel Gompers condemns Bolshevism "completely, finally and for all time."

"The American leader declares he doubts whether the propaganda which emanates from the Bolshevik organization itself is more effective than that conducted by those who claim to be entirely detached from Russian influence and Russian payrolls. He says he doubts whether publications issued by Russian Bolshevik agents have as great an effect in America as those which he knows as 'journals of opinion' such as 'The Nation,' 'The Dial' and 'The New Republic.'"

Mr. Gompers makes an extended reference to the argument that the American people know but little about what is going on in Russia and the argument that it is unfair and unwise to pass judgment.

"We do not have to wait for information about the form of government existing in what is called 'Russia,' says Mr. Gompers. 'All the information necessary to the passing of judgment on Bolshevism and the system of government and as a state of society, is at hand from sources that are authentic. The plea of those miscreants who in America who wait for facts before passing judgment is nothing more than an excuse which it is hoped will gain time for the Russian experiment and enable it to spread to other countries.'"

Mr. Gompers points out that while the fifth Pan-Russian congress declares for a dictatorship of the proletariat and the poorest peasantry, a great portion of the peasantry is disfranchised and the largest Bolshevik estimate of the proletariat calculates them as only one-fifth of the number of peasants. Even a fairly prosperous working man by this calculation, Mr. Gompers says, knows that the Bolshevik minority does not even represent the masses of factory workers in Moscow, the Bolshevik stronghold.

"In all concepts of freedom within the American nation," says Mr. Gompers, "one fundamental principle is that any involuntary servitude that is compulsory labor shall not be enforced upon the working people."

U. S. DEFERS BIDS ON GERMAN SHIPS

Result of Protest By Secretary Used in Transport Service of Army.

Washington, Jan. 28.—Action on bids for thirty former German liners seized in the United States was deferred today by the shipping board as a result of a protest from Secretary Bawer against the sale of such of these vessels as have been included by the war department in its army transport reserve.

Mr. Baker not only has protested to Chairman Payne with the request that the matter be presented to President Wilson, but has taken the question up with the senate commerce committee which now is studying the matter.

Chairman Payne on receiving Mr. Baker's protest, promised that no action would be taken until he could confer with war department officials. In his letter to Chairman Payne the war secretary disclosed that the shipping board, the navy department, the department of commerce had agreed with the approval of President Wilson upon a policy to be followed in connection with the former German ships which contemplated the building up of an army transport reserve. He said vessels released to the shipping board for the service indicated in the agreement were released "with the understanding that they are subject to immediate withdrawal in case of an emergency for use as transports."

Twelve ships were specifically named in the agreement, six being allocated for the South American service and six for the trans-Pacific service.

Bids on the liners, which include the famous Leviathan were received up to and including January 20 and were considered today by the shipping board directors. In all twelve tenders were received. After the meeting Chairman Payne today said he was not prepared to make any statement regarding the action of the boards on the bids.

HOGS BRING HIGH PRICE

Champaign, Ill., Jan. 28.—At a sale of blooded Poland China hogs held here yesterday 45 hogs brought over \$20.00. Four young pigs of a litter of six were sold for \$10.00 and one of the \$10.00 was refused for the mother. Over 300 stock hogs from all over the corn belt attended the sale.

QUITS REVENUE DEPARTMENT

Chicago, Jan. 28.—George G. Dunham, acting chief of field deputies of the internal revenue department at Chicago, tendered his resignation today to take effect in ten days. He has been in government service twenty years. Mr. Dunham gave the high cost of living as the reason for resigning.

MILLIONS NEEDED FOR RELIEF OF EUROPEAN NATIONS

Congress Urged to
Grant Credits of
\$150,000,000

LETTER SENT TO SEC. GLASS

WASHINGTON, Jan. 28.—Secretary Glass, President Wilson today renewed the appeal to congress to grant credits of \$150,000,000 for Poland, Austria and Armenia to alleviate conditions which threaten "moral and material chaos" in these countries.

Secretary Glass presented the president's letter to the house ways and means committee, a subcommittee and the committee referred consideration of it until tomorrow. There was no indication when the committee would act finally on the request that the credits be authorized.

President Wilson's letter addressed to Mr. Glass follows:

"With considerable regret I have noticed from the press that congress is delaying the granting of authority for the extension of prompt and generous relief to the stricken portion of Europe, the urgency and importance of which, especially in respect to Poland, Austria and Armenia you have fully explained to the ways and means committee. It is unthinkable to me that we should withhold from those peoples who are in such mental and physical distress the assistance which can be rendered by a simple proportion of our export surplus of food which would alleviate the situation. While I am sure that you must have explained fully to the ways and means committee the appalling situation in those parts of Europe where men, women and children are now dying of starvation and the urgent necessity for prompt assistance, I beg of you that you make another appeal to congress. I am informed that the published reports of hearings before the ways and means committee have been furnished with incontrovertible facts showing the necessity for immediate affirmative action."

This prosperous republic ought not to bear any part of the responsibility for the moral and material chaos that must result from our unwillingness to do our part to aid those less fortunate than ourselves. We cannot merely to husband a small proportion of our surplus permit the happening of this great catastrophe."

SENATORS WILL ADDRESS CONVENTION

SPRINGFIELD, Ill., Jan. 28.—Senators Lawrence W. Sherman and Medill McCormick today sent word to Charles E. Woodward, president of the Illinois constitutional convention that they would accept his invitation to address the body. They will speak before the convention Wednesday February 23.

The convention met as a committee of the whole "today and elected delegates from Chicago express, mail and home rule for Cook county and the metropolis. The meeting will be continued tomorrow and John A. Richter, chairman of the finance committee of the Chicago city council, will explain further the home rule plan.

Addresses were made today by Alderman John H. Lyle, Hon. Homer H. Assistant corporation counsel of Chicago and Prof. Ernst Freund of the University of Chicago.

The committee which will consider the proposals submitted to the convention were named today by President Woodward. These committees will meet tomorrow afternoon and organize.

TWO U. S. ARMY AVIATORS ARE HELD BY MEXICANS

McAllen, Texas, Jan. 28.—Two army aviators, Lieutenants B. F. Davis and G. E. Grimes, carrying a military message from Fort Brown, Texas to Nogales, Ariz., today were forced to make a landing in Mexico, thirty miles south of Zapata, Texas, and night are being held by Mexicans.

According to a message received here tonight from the aviators they have been promised their freedom tomorrow morning.

Lieutenants Davis and Grimes who are attached to the air station here were carrying a message duplicate of that which was sent from Fort Brown to Nogales in another plane today.

They became confused in the fog and followed the Solado River from Zapata into Mexico instead of proceeding on up the Rio Grande, there also being compass trouble. Thirty miles up the Solado river the plane was forced to make a landing and there the Mexicans took the two American aviators prisoners. It is understood. The country is not well mapped and the only means of reaching the section quickly is by plane. All day

long aviators from the eighth aero squadron here have combed the country on both sides of the Rio Grande and far into the interior without gaining sight of the two lost men and tonight's message was the first word received.

Left Brownsville, Texas, Jan. 28.—A message from military authorities here to the commander of the post at Nogales, Ariz., 1,200 miles distant, was delivered today in eight hours and thirty minutes by airplanes, flying in relay, according to announcement at Fort Brown. The message was handed to Lieutenant Vincent J. Malloy here at 4:25 o'clock this morning. It was delivered to the Nogales commander at 12:55 p. m. It was said. It was transferred to fresh machines at Laredo, Eagle Pass, Marfa, Sanderson, El Paso, and Douglas.

Another airplane, which was handed a duplicate of the message also on a landing in the vicinity of Zapata, Texas. Search is being made for the missing machine, which was piloted by Lieutenant E. F. Davis, with Lieutenant C. E. Grimes, as observer.

WAVELY WILL PLAY JACKSONVILLE TONIGHT

Old Rivals Will Meet in David Prince Gymnasium—Waverly Has Been Playing Fast Ball This Year.

Waverly Township high basketball team will clash with Jacksonville in David Prince gymnasium this evening. Play will start promptly at 8 o'clock. Waverly and Jacksonville are ancient rivals. The athletic contests between the schools have always been bitterly fought ever since Waverly inaugurated athletics.

This year Waverly has a strong team and it has been playing a fast game. Among its victims is numbers the Auburn high team, which is one of the best in this section.

Jacksonville has been playing some good basketball and some bad ball. The team has not played consistently but it has been improving the last two games and should be in shape to give Waverly a hard contest.

While Coach Hufford has not announced his lineup for the game, it is possible that the team will start with Lucas and Woods, forwards; Hunter, center; Green and Ransdell, guards.

CHARGES RESERVE BOARD FOR HIGH PRICES

CLEVELAND, O., Jan. 28.—The high cost of living over its existence in part to the federal reserve board, Dr. Harvey W. Wiley, national food expert, declared today in an address before the directors of the National Consumers Association. The remedy, he said, would be to limit the amount of food in the hands of the speculator.

Production of canned milk has increased 150 per cent in the last three years, W. T. Harding of Chicago, declared. Forty per cent of this is exported.

Complaints by canners on the government's action in placing a tax on milk caused by individuals and did not concern the public, said the National Consumers Association. Wiley J. Scott, president, announced today. The association owes a debt of gratitude to the government for the advertising campaign received during the war.

"FLU" SITUATION IN CHICAGO IMPROVES

CHICAGO, Jan. 28.—Influenza caused 87 deaths in Chicago in the last twenty four hours, and pneumonia deaths numbered 77, the health department announced tonight. New cases of influenza during the same period numbered 1,472 and pneumonia cases 409.

"The number of influenza cases is gradually lessening," Deputy Health Commissioner Koehler said tonight. "The pneumonia rate is fluctuating and on the whole is showing a decrease. The crest of the death rate has been passed."

United States Attorney Charles F. Clinch, announced tonight that an effort would be made tomorrow to seize hundreds of cases of liquor held by the government in recent raids distributed to the hospitals for use in fighting the epidemic.

RECEIVE POTASH FROM GERMANY

Philadelphia, Jan. 28.—The first shipment of potash to reach this port directly from Germany in three or four years arrived here today from the Norwegian Steamship Line, from Hamburg. The cargo consists of 3,000 tons.

HAYS ANNOUNCES APPOINTMENT OF ADVISORY BODY

117 Members on G. O.
P. Committee on Policies and Platform

NINETEEN ARE WOMEN

SAN FRANCISCO, Cal., Jan. 28.—Will H. Hays, chairman of the Republican national committee tonight made public his appointment to the advisory committee on policies and platform, consisting of 171 members, 19 of whom are women. The committee includes 12 members of the Republican national committee whose appointment has been announced previously by Mr. Hays.

"The purpose of this committee," Mr. Hays said, "is to invite the advice and co-operation of the ablest men and women from all groups, professions, industries, business, professions and interest in the nation; to gather pertinent facts and data, to study intensively the larger problems confronting us and to offer the result of their efforts as suggestions to the resolutions committee."

"This committee will itself be a working body," he added, "and will suggest the line of thought and investigation for a great many others. Many of the committee will give their entire time to the effort. Those giving a substantial amount of time will constitute an executive committee of which Ogden L. Mills, Jr., of New York City will be chairman and John Callan O'Laughlin of Washington, D. C., secretary."

"Party programs," Mr. Hays asserted, "must always be subject to amendment and change by the responsible living thought expressed within the party by men and women alike. The Republican party's half century of achievement is the best guarantee to the country of future fulfillment that its usefulness will depend."

The party must continue to be the instrument to apply to new and changing conditions the wisdom of experience and the efficiency of honest zealous services. It is the party of the future or there is no use for the party.

"To men and women alike is offered the right of political self-determination. The duty of the party membership is to say what the party's purpose shall be, what its policies shall become. The fundamentally essential right within a political party is to the opportunity of honest membership to express itself."

It is the problem of the party membership to determine what the party stands for. Thru it all, however, should run a supreme motif and the Republican party that supreme motif is the honest and unselfish patriotic and intelligent effort to promote and safeguard the best interests of the Republic and its citizens.

In his statement announcing the committee's appointment Mr. Hays said further:

The potentiality for usefulness to the country and to the party of such a committee is very great. The problems which are ahead of us are immeasurable in magnitude and complexity. The majority of the citizenry of the country believe that the Republican party may best be trusted with the solution. The country wants and is entitled not only to this faith in the honesty of intention and fundamental ability of the Republican party but a well defined statement of purpose and party program. It is obvious that the convention can do fuller justice to a platform commensurate with the needs it have for their consideration the reliable material thus furnished by some of the best brains in the party working for five months in the evolution of the suggestions.

Underlying the whole plan is the great fact which the national committee recognizes that there rests on the Republican party the tremendous responsibility of securing the best interests of the nation and frankly, honestly and definitely stating the fundamentals of the party's plan for the solution of the problems in a comprehensible program of constructive measures. Then, recognizing that the platform, establishes a constructive relation between the party and the people, the duty and purpose of the party when entrusted with power to square its performance with its promises.

ATTEMPTED JAIL DELIVERY FRUSTRATED

URBANA, Ill., Jan. 28.—In an attempted jail delivery here last night, Turkey John McKinley shot and killed Lawrence Barker, a prisoner indicted for stealing auto mobiles. Two other prisoners, Arthur Wilson and Robert Keeling, both indicted for burglary, were implicated in the attempt to escape. It is reported that says had been smuggled into the jail by Keeling's wife with which the law had been out and the cell guard had been broken on up to be in his cell. When McKinley went into the jail to look up for the night he was attacked and immediately drew his revolver and shot the leader, the others surrendered. An automobile with ready driver, which was waiting near the jail to carry the escaped prisoners away was taken by the sheriff and the driver killed. It is said that the wife of Keeling will be charged with assisting in the escape. Turkey McKinley has been in charge of the jail for over twenty years and in all that time there has never been a successful jail delivery.

POSTPONE TRIAL OF ST. LOUIS GIRL

ST. LOUIS, Mo., Jan. 28.—The trial of 16 year old Ursula Broderick, charged with killing her step-father, Joseph Woodcock last April, was postponed for two months today after a jury had been obtained to try the case. The jury was dismissed today. Judge Klene of the juvenile court before whom the case was being tried stated to the jury that they would have to determine only the question of guilt. After the jurors were selected the lawyers contended that the jury would have to determine also the degree of guilt in case of conviction. The judge agreed with the lawyers and the case had been mistaken they had ruled necessitated the choosing of another jury. Accordingly the trial was postponed until March 29.

Miss Broderick in this case admits killing her stepfather and claims that she did so when he attempted to attack her. She also killed her father in 1916 but was excused at that time by a coroner's jury on the plea that she acted in defense of her mother.

NEW COMET DISCOVERED

MARTENS' TESTIMONY BROUGHT INTO TRIAL

Effort Made to Link Socialists With the Bolsheviks of Russia in Hearing of Suspended New York Assemblyman.

Albany, N. Y.—In its effort to link the Socialists of America with the Bolsheviks of Russia, in a conspiracy to overthrow organized government here the prosecution at the trial of the five suspended Socialist assemblymen charged with disloyalty today succeeded in introducing in evidence the testimony obtained by the joint legislative committee investigating radicalism from L. A. K. Martens, erstwhile Russian soviet ambassador to the United States.

The assembly judiciary committee conducting the investigation admitted the evidence after protests by the Socialists' counsel, Seymour Steadman then demanded that, if the testimony be read at all, it be read in its entirety.

The committee then put into the record speeches made in New York at a meeting held to celebrate the second anniversary of the revolution. These included remarks by Assemblyman Charles Solomon a defendant who presided, a speech by James O'Neill, editorial writer for the New York Call and another by a representative of the Boston police union.

Solomon's remarks were chiefly in the nature of an appeal for funds for the striking steel workers, discussion of the political situation and praise of O'Neill's speech.

O'Neill in defending soviet Russia had compared the revolution there with the American revolution and the red guards with the Sons of Liberty.

The chief witness of the day was Mayor George L. Lunn of Albany, who testified he had been ousted from the party after he had appointed a Republican to office instead of a Socialist and had refused to discharge from office a Socialist who had voted for other than a Socialist candidate.

Mr. Lunn, a former member of congress also testified that he had pointed out at the Socialist state convention in Rochester, in 1914, that with all the efforts of the party to elect a Socialist to office, it might be possible for them at the meeting of a local to issue a party instruction.

"I did not believe any elected official should be instructed in his official acts by those who are not entitled to vote," said Mr. Lunn. "Such a method is undemocratic and unconstitutional."

WADSWORTH DECLARES MONDELL INCORRECT

Figures on Money Needed for Reorganization of Army Dated by Many Millions.

Washington, Jan. 28.—Chairman Wadsworth of the senate military committee, who signed Monday to report favorably on a bill for reorganization of the army, declared tonight that Representative Mondell of Wyoming, Republican leader of the house was incorrect in his statements that one billion dollars would be required to administer the army reorganization bill with its universal training provision. War department estimates, Chairman Wadsworth said, showed the annual cost of 600,000 less than the figure set by Representative Mondell.

An examination of the estimates submitted by the "war department" said Senator Wadsworth in a formal statement, "will disclose that, under no circumstances will this bill involve an expenditure of a billion dollars annually for anything like that sum. They show that following the passage of the bill annual expenditure for the next succeeding six years will run as follows:

1921	\$645,379,000	1922	\$670,630,000
1923	\$680,997,000	1924	\$696,522,000
1925	\$700,937,000	1926	\$712,700,000

These figures the senate chairman said were prepared on the theory that the regular army and national guard would be maintained at the authorized maximum strength and without taking into account the enormous quantities of surplus stocks of equipment now on hand.

The committee has revised the statement and believes that the annual cost of the proposed military establishment will be considerably reduced.

In considering these estimates, it should be remembered that they include the cost of the reorganization personnel on regular pay, the national guard, the transportation, subsistence, clothing, laundry, medical treatment and all other expenses to be paid and all other elements of overhead including maintenance and repair of buildings and utilities.

Senator Wadsworth estimated in 1921 the average cost of a trained soldier produced under the universal training system would be \$500, while in 1926 it would be \$170 while today it cost \$100 to produce a soldier in the regular army.

EIGHT TENTATIVE JURORS SELECTED IN NEWBERRY CASE

Rapid Progress Made
in Session of Court
Wednesday

BOTH SIDES ARE SATISFIED

GRAND RAPIDS, Mich., Jan. 28.—Rapid progress was made today in the process of selecting a jury to hear the evidence for and against United States Senator Truman H. Newberry and his 23 co-defendants charged with conspiracy to violate federal statutes in connection with the 1918 senatorial campaign. In less than five hours court time eight prospective jurors had been questioned and passed for cause and two others had been excused by the court. Peremptory challenges will not be exercised until twelve men have been passed but it was predicted tonight that his stage might be reached tomorrow.

Each side offered a challenge for cause and both were rejected by the court. The defense interposed its objection to Lewis A. McIntyre, a bookkeeper of some City, the first man called to the box. The government challenged Fred Smith of Elk Rapids (ter he had identified nine of the defendants as warm personal friends, business or political associates) and a most door neighbor of Myron Sherwood in Marquette. Attorneys for prosecution and defense expressed satisfaction with the amount accomplished today and Judge Sessions complimented them as he adjourned court a few minutes ahead of the scheduled hour.

"The material had been so thoroughly combed by the questionaire which the court accepted that an unusually high grade jury material has been presented," said W. H. Eichorn of Elkhart, Ind., who conducted the examinations for the prosecution. "We are decidedly pleased with the progress."

Martin W. Littleton, chief of counsel for the defense said: "We are satisfied with the jury work."

Besides McIntyre and Smith the men passed today were Frank Armstrong, a bank cashier of Union, 35 years old, and the youngest of the eight; Charles E. Trimm, 53, keeper of a general store at Bloomingdale; Jerry Newmorth, 56, a farmer of White Cloud; Oran J. Houghton, 32, a farmer of Westville; William A. Young, 48, manager of several farmers' co-operative associations at Bellevue, and Will S. Purple, 51, a former sheriff of Emmet county.

BENEFITS FOR
SOLDIERS.

Referring to the enactment of
the Sweet bill to amend the war
risk insurance law and to in-
crease the benefits to the Ameri-
can soldiers of the world war
Senator Capper of Kansas said:
"It gives greater benefit to the
soldiers, and provides among
other things, for the payment of
the insurance of service men in a
lump sum, if desired by the in-
sured. Many other provisions
clarify the law and make it
simple and more speedy the pay-
ment of the belated allotments
and allowances of the soldiers,
sailors and marines."

"This is an act of simple jus-
tice, and should be followed by
other laws granting other just
and deserved benefits to service
men, especially those who are
disabled and incapacitated for
work. Whether a lump sum
bonus should be paid, or whether
the legislation should take the
form of loans for the purchase of
homes, either in town or coun-
try, remains to be decided, but
certainly this country can afford
to be generous to the men who
fought our battles."

"INTEREST OF THE
PUBLIC."

The Republican Publicity Asso-
ciation thru its President, Hon.
Jonathan Bourne, Jr., has given
out the following statement from
its Washington headquarters:

"Thruout all the sections of the
Senate railroad bill runs the
definite idea that the legislation
has been conceived and written
for the benefit of the people as a
whole. Every act of the Inter-
state Commerce Commission and of
the Transportation Board, as
created by the bill, is hedged
about with the restriction that it
must conform to the interests of
the public. Here are a few of
the instances where specific men-
tion is made of the public in-
terest:

"In making changes in rates
and classifications, 'the commis-
sion shall take into consideration
the interests of the public.'"

"The Transportation Board
'shall carefully and continuously
make inquiry respecting the
transportation needs and facili-
ties of the whole country.'"

"The Board shall make to the
Commission 'representations in
the public interest.'"

"The Board shall report to
Congress measures that 'will
promote and protect the interest
of the public.'"

"The Board may require the
joint use of terminals, 'if it finds
it to be in the public interest.'"

"The Commission may permit
railway consolidations if 'it shall
find that the public interest will
be promoted by the consolida-
tion.'"

"No railroad shall issue any
more stock or bonds unless it is
'compatible with the public in-
terest.'"

"A railway corporation may be
dissolved if it is 'no longer neces-
sary or convenient in the public
interest.'"

"Board may suspend existing
car service rules in emergencies,
and substitute others 'in the in-
terest of the public and the com-
merce of the country.'"

"No road shall enter upon new
construction unless 'public in-
terest requires or will require
the construction.'"

"No existing road shall be
abandoned unless 'the present or
future public interests permits
such abandonment.'"

"Railroad must provide itself
with more adequate facilities if
public interest requires.'"

"Commission may order divi-
sion of traffic in such a way as
'will be in the interest of better
service to the public.'"

"Commission may simplify rate
schedules if 'the public will be
better informed by so doing.'"

"Rail connections between
docks and railroads shall be
made only when it can be done
with safety to the public.'"

"In dividing joint rates be-
tween participating carriers the
Commission must consider 'the
importance of the carrier to the
public as a transportation utility.'"

"In times of emergency such
temporary thru routes may be
established as 'are necessary, or
desirable in the public interest.'"

"Perhaps never before has the
interest of the public been so
continuously in mind as in the
conception and perfection of the
railroad bill as passed by the
Senate. If it shall become a law
substantially as written the peo-
ple will at last have come into
their own. The term public in-
terest has long been a misnomer.
State roads have been used as
private utilities for the creation
of immense individual fortunes.
Others have become the butt of
experiment by State legislatures,
with disastrous results to them-
selves and the public. The road
as a whole have come to be con-
sidered upon by private enterprise
as their own private property, to
be paid for by the public and
the profits, if any, divided be-
tween public and employees.
Now, under the terms of the
Senate bill, the roads are to be
in reality public utilities, and
will be operated as such."

guys who talked too much, and they're
rounded up in a hutch, and they're
find existence state. Soon there'll

be another Ark sailing o'er the
slushy sea and the Red jays will
embark for old Russia, which is
free; dear old Russia, freedom's
home! Government, is there a
pome, and the Reds will cross the
foam chanting eulogies for thee!
How their loyal hearts will yearn
for sweet Russia, storied place!
When they see her beacons burn
they'll in ecstasy embrace; freed
from Yankee tyrants' rule, from
our coolers, much too cool, they
will dance like boys from school,
when they see fair Russia's
face. Emma Goldman
may be there, waiting for
them on the shore; Em-
ma, radiant and rare, who had
made the trip before; we can see
her as she smirks, leading count-
less freaks with dirks, anxious to
upset the works, and to spill some
quarts of gore. Joyful will the
meeting be when the second ark
arrives, and the exiles, wholly
free, greet the flag and beat their
wives; honest Reds, who hate the
rich, and would plant them in a
ditch; patriots who have the itch
and the cooties and the hives.

ROUTT HIGH NOSES
OUT NEW BERLIN

Coach Conlin's Men Came From
Behind in Second Half and De-
feated Sangamon County Team by
Score of 22 to 19—Game Was
Fast Thruout— Routt Plays
Versailles Friday Night.

Routt high school came from
behind in her game with New Ber-
lin at Liberty last Wednesday eve-
ning and nosed out the visitors
in the last few minutes of play by
a score of 22 to 19.

Routt started off over-confident
and Zell tossed a basket right
from the tipup. However, New
Berlin tightened up, and Routt
started to foul and when the
half closed the score was 13 to 6
in favor of New Berlin.

In the half Routt had ten per-
sonal fouls and three technical
fouls called. Of these Lawrence,
center for New Berlin tossed sev-
en which gave his team the lead.

During the intermission Coach
Conlin gave his men some strong
advice and evidently had his ef-
fect, for the men staged a great
come-back and held New Berlin
to two field baskets and also held
their fouls down.

While doing this the Routt toss-
ers also negotiated eight field
baskets which gave them the lead
and the game. Gwinn was sent to
the side lines in the first half for
four personal fouls.

Routt has a game booked with
Versailles high for Friday night.
This game will be played at Lib-
erty hall. On Saturday night the
team journeys to White Hall for
a game. The Routt team is play-
ing consistent ball now and should
win both of these games. The
score:

OLD JACKSONVILLE

JOHN BARLEYCORN AND A RAILROAD

By Ensley Moore
(Member Illinois State Historical Society)

A recent issue of the Alton
Times, kindly sent by the Hon. W.
T. Norton, who probably wrote
the "Snakehead Railroad," had
also, at the head of the column
"The aftermath of high living,"
which seems singularly appropri-
ate, in view of the recent misfor-
tunes of many an old settler's
boon companion, John Barleycorn.
Dr. Samuel Willard used to
live here, and was graduated
from Illinois College in 1842. He
was himself interested in railroad
affairs, having been a conductor
on the "Under ground railroad."

Specimens of the original rails
of the "Northern Cross" can be
seen in the window of the Farm-
ers' State Bank.

The two extracts follow:—
"The Aftermath of High Living"
John Gay, an English poet of the
17th century, must have
"dipped into the future" when he
wrote:

"So comes the reckoning when
the banquet is o'er,
The dreadful reckoning, and men
smile no more."

The Snake-head Railroad.
Dr. Samuel Willard, who was
born in Boston in 1821 and came
to Carrollton, Greene county,
with his father's family in 1831,
and was, later a resident of Al-
ton, wrote in his old age, the fol-
lowing description of the first
railroad in Illinois:

"Among the States that
plunged at once into railroad
building, our own Illinois was
foremost. A map of Illinois for
the year 1837 shows a wonder-
ful network of projected railroads
to be owned and operated by the
State. It was notably unlike that
which the developed commerce of
the State created later. It was
the politician's map, developed by
personal greed and carried by
log-rolling. 'You vote for my
road and I vote for yours.' The
State set thousands of men to
work to make cuttings and em-
bankments. Almost all this labor
was in vain, and the commercial
crash of 1837 left the State bur-
dened with a heavy debt and
with only one short railroad to
show. That was called 'The
Northern Cross Railroad,' run-
ning from Meredosia on the Illi-
nois river to Jacksonville in
1839. Later it was continued to
Springfield.

"Railroads in those days were
made by laying upon the earth
surface, cross ties as we lay them
now; then timbers of about eight
or ten inches square and of con-
venient length were laid length-
wise as we now lay the 'T' rail-
and were fastened to the ties."

"Once when I was a passenger
on the road from Jacksonville to
Meredosia, the engineer would
stop the train whenever he saw
a snake-head, no matter which
way it pointed. He would jump
down with a hammer and spikes,
run forward and nail down the
peril. One day the 'Betsey Baer'
the best engine, went off into the
ditch and raising her was too ex-
pensive. Her lack of speed was
so pronounced that it was said
the cow-catcher was put on the
rear to keep the cattle from
running over the train. Thus for
a while mule power took the
place of the engine. I rode thru
from Jacksonville to Springfield
in May, 1845. Next followed ut-
ter abandonment of the road; a
hundred thousand dollars was
almost wasted; the whole con-
cern was sold to a corporation for
ten thousand dollars."

sonville distributors for the Ap-

Upon the face of these springers
were laid bars of wrought iron
an inch thick and about three
inches wide, called strap-rails.
These were pierced with holes so
that they might be spiked to the
stringers, the holes being counter-
sunk, so that the heads of the
spikes should not come above the
surface of the rails. The end of
the strap-rail was cut at the com-
mon meter angle of 45 degrees
so that each rail might match
with its neighbor and avoid the
square break across which cause
the perpetual click and hammer-
ing which we now hear on our
roads. If this looked like the
making of a good road, but in
practice the weight of the loco-
motive and loaded cars tended to
lengthen the thin straps, to loosen
the end spikes, to curve up the
ends and draw the spikes, and at
last to make the ends stand up
several inches. Such elevated
points were called snake-heads. If
the snake head rose so high that
it struck an approaching car
wheel, above its middle, the strap
would be forced up into the car,
generally going through the car
and doing mischief. A snake-
head entered a car and shot up
between a woman's knees mak-
ing a ridiculous mess of her
skirts, but she was glad to escape
deadly hurt. Presco Wright, of
Springfield, told me that he and
a friend were once about to start
on the same car, when the friend
said: "Come, Press, let's go and
take a last drink together." The
car had gone but a few miles
when a snake-head tore up
through the floor, struck his
friend under the chin, and pushed
to his brain, carrying him up
bodily, a quivering horror.

The Best Cough Syrup is Home-made.

Here's an easy way to save \$2, and yet have the best cough remedy you ever tried.

You've probably heard of this well-known plan of making cough syrup at home. But have you ever used it? Thousands of families, the world over, feel that they could hardly keep house without it. It's simple and cheap, but the way it takes hold of a cough will soon earn it a permanent place in your home.

Take 225 ounces of Pinex; then add plain granulated sugar syrup to fill up the pint. Or, if desired, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, it tastes good, never spoils, and gives you a full pint of better cough remedy than you could buy ready-made for three times its cost.

This is really wonderful how quickly the home-made remedy cures a cough—usually in 24 hours or less. It seems to penetrate through every air passage, loosens a dry, hoarse or tight cough, lifts the phlegm, heals the membrane, and gives almost immediate relief. It's a splendid for throat tickle, hoarseness, croup, bronchitis and bronchial asthma. Pinex is a highly concentrated compound of genuine Norway pine extract, and has been used for generations for throat and chest ailments. To the doctor, Pinex is the most powerful cough remedy known. It's a cough remedy that doesn't accept anything else. Guaranteed to give absolute satisfaction, or your money refunded. The Pinex Co., Ft. Wayne, Ind.

Nasty Colds

Get instant relief with
Pape's Cold Compound

"Don't stay stuffed up! Quit blowing and snuffling! A dose of 'Pape's Cold Compound' taken every two hours until three doses are taken usually breaks up a cold and ends all gripe misery.

The very first dose opens your clogged-up nostrils and the air passages of your head; stops nose running; relieves the headache, dullness, stiffness, sneezing, soreness, stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance. Tastes nice. Contains no quinine. Insist on Pape's!

STOMACH ULCERS GONE SUFFERED 16 YEARS

Says his stomach is perfect now, and his weight has increased.

"I had ulcers of the stomach so bad that I was sent to the hospital. Treatment there finally got me on my feet, but in a few days I was down again. 'You wouldn't guarantee Milks Emulsion to cure a bad case of ulcers of the stomach, but I tried it anyway. If it does the work for others as it did for me, you ought not to be backward about any case of stomach ulcers. I have now taken twelve bottles and my stomach is in perfect condition. I feel better and weigh more than I have for 16 years and I have had stomach trouble all of that time.'—L. S. Walker, Greenleaf, Kan.

Thousands of people who have suffered agony from chronic stomach trouble in its worst forms, have been promptly relieved and soon restored to perfect health by Milks Emulsion. A trial will show, and a trial costs nothing.

Milks Emulsion is a pleasant, nutritious food and a corrective medicine. It restores healthy, natural bowel action, and constipation is promptly relieved—usually in one day. This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. Truly wonderful for weak, sickly children.

No matter how severe your case you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c. and \$1.20 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.

INSTITUTION HEADS IN CONFERENCE HERE

Managing Officers of State Hospitals for the Care of the Insane Held Get Together Meeting—Sessions Was Held at Jacksonville State Hospital.

Managing officers of the various state hospitals for the care of the insane met in conference at Jacksonville state hospital Wednesday. The meeting was in the nature of a get together gathering and proved of great interest.

Those in attendance at the conference were: Charles H. Thorne, director of the department of public welfare; A. L. Bowen, superintendent of charities; Dr. H. Douglas Singer, state alienist; Dr. Reed, Chicago state hospital; Dr. Cohen, Kankakee state hospital; Dr. Zeller, Alton state hospital; Dr. Caldwell, Lincoln state school and colony; Dr. Anderson, Hill state hospital; Dr. E. L. Hill, Jacksonville state hospital.

There was no set program for the day. The visitors were guests of Dr. Hill at the hospital and the day was spent in the exchange of views on the various phases of the work that is being done.

The visitors also spent some time in inspecting the occupational department of the institution. The local hospital was one of the first institutions in which the occupational department was installed. Perhaps the work is further advanced here than elsewhere, the staff of the institution now have similar departments.

The conference was a success in every particular and there is no doubt but that great good will result from the meeting of Wednesday. Most of the visitors departed for home Wednesday evening.

RESIDENCE PROPERTY SOLD

The residence property of Miss Emma Reynolds at the corner of City Place and West College avenue has been sold by R. C. Reynolds to T. E. Martin of Winchester. The new owner will take possession at a comparatively early date and become a resident of Jacksonville.

WEDDED IN PRETTY
HOME CEREMONIAL

Miss Augusta Carlson is Bride of
Earl Hempel. Will Live on
Farm in Point Neighborhood.

In a very pretty home cere-
mony Miss Augusta Carlson last
night became the bride of Earl
Hempel. The ceremony was
solemnized at 8 o'clock at the re-
sidence of Mr. and Mrs. Fred Gus-
tafson, 608 West College street.
Fifty relatives were present in
the interested company. Rev. M.
L. Pontius, pastor of the Central
Christian church, officiated, using
the impressive ring service.

Miss Catherine Gustafson was
at the piano and as the wedding
party appeared in the parlor
played the wedding march from
Lohengrin. Later as the mem-
bers of the company were extend-
ing congratulations the pianist
played "Simple Confession." The
bride was attended by Miss Helen
Whitmer of Springfield and the
best man was David Gustafson.
The bride's gown was of ivory
white satin trimmed with Orient-
al lace and beading. Her tulle
veil was caught with a spray of
white narcissus and she carried
a bouquet of bride's roses and
narcissus. Miss Whitmer's dress
was of blue tulle and crepe de
chine and she wore a corsage bou-
quet of pink roses.

The home had been tastefully
decorated for this wedding even-
ing. The principals and their at-
tendants stood before an embankment
of ferns and the parlor was other-
wise beautified with pink roses.
In the dining room there was an
intermingling of pink carnations
and ferns, and in the other rooms
at the disposal of the guests the
decorations were in accord with
the main and green color scheme.
After congratulations had been ex-
tended substantial refreshments
were served.

The bride after attending the
public schools, graduated from
Brown's Business college in 1913.
Immediately afterward she took
a position as bookkeeper for the
Central Union Telephone com-
pany and continued to serve in
that capacity until January of
the present year. She has
been identified with Central
Christian church actively in var-
ious lines of work and withal
is a young woman held in high
esteem not only by intimate
friends but also by a much larger
circle.

The groom is a son of Mr. and
Mrs. H. F. Hempel of South Jack-
sonville. He was educated in
local schools and for several years
past has been identified with
Jacksonville business affairs. He
is a young man of fine character
and accounted in every way
worthy of his present good for-
tune. Mr. Hempel was in the
army services and was located for
a number of months at Camp
Grant.

In one room open to the guests
gifts to the bride and groom were
viewed last night and they were
of a kind to well attest the es-
teem of relatives and friends.

Mr. and Mrs. Hempel after
March 1 will be at home on the
Hempel farm six miles south-
west of Jacksonville.

Among relatives from a dis-
tance present at the wedding were:
C. N. Anderson and family, C. F.
Carlson, and Billy Ivis, Virginia;
Charles Gustafson and family of
Ashland.

IS SUCCESSFUL TEACHER
IN CHICAGO SCHOOLS

The Pledgian, a monthly maga-
zine published under the aus-
pices of Pledgian lodge No. 478,
A. F. & A. M., in Chicago, in a
recent issue tells about a fine
Christmas box sent to Gilbert
Coreoran at the army hospital at
St. Sheridan. This box which was
of an especially elaborate kind,
was prepared by Miss Teresa
Flynn, formerly of this city, and
her pupils in the John Spry
school in Chicago. Miss Flynn is
the successful teacher of room
102. The pupils in addition to
preparing the box, wrote a letter
in rhyme and this pleased Mr.
Coreoran almost as much as the
gifts. Mr. Coreoran is a veteran
of the war and a member of
Pledgian lodge.

most all second string men, met
defeat at Griggsville Wednesday
night by a score of 23 to 18.

The Jacksonville players were
handicapped by the small playing
floor which made it necessary to
make long shots all the time, as
the guarding was so close because
of the limited floor space that not
much team work could be done.

Hunt opened the game by scor-
ing the first basket with a shot
clear across the floor. The team
could not finish in time to get
back on the evening train so they
were compelled to remain over-
night and will return this morn-
ing.

NEWS PRINT SHORTAGE IS VERY ACUTE

Publishers Organize in Intensive
Way to Conserve Paper—Situation
Dangerous for Many
Papers.

There is no questioning the seriousness of the newspaper shortage throughout the country. Steps have been taken by the national conservation committee, acting thru publishers of the several states, to bring about economy in the use of paper. This action is absolutely necessary or a great many of the smaller papers will be forced to suspend.

Recently a meeting of Indiana and Illinois publishers was held at Hotel LaSalle in Chicago, to further perfect plans for the saving of paper. The regional chairman for Illinois and Indiana is Edgar E. Bartlett, publisher of the Register-Gazette of Rockford. A chairman for each congressional district of the state was appointed whose duty it is to impress on all

publishers thruout the district the seriousness of the situation. In this, the twentieth district, W. L. Fay was appointed as district chairman and as such is calling upon the newspaper publishers in the various counties of the district to use their most earnest efforts to save paper. L. E. Miner of the Springfield Journal is chairman for the twenty-first congressional district, and C. C. Marquis, Bloomington, chairman for the seventeenth district.

District Chairman. The chairmen appointed for the various districts appear below: Districts 1, 2, 3, 4, 5, 6, 7, 8 and 9. Col. Robert H. McCormick, Chicago, Tribune.

District 10—W. J. Smith, Waukegan, Sun.

District 11—A. M. Snook, Aurora, Peacon News.

District 12—F. M. Snapp, Ottawa, Rep. Times.

District 13—D. B. Breed, Freeport, Standard.

District 14—John Sundine, Moline, Dispatch.

District 15—O. N. Custer, Galesburg, Republican Register.

District 16—H. M. Pindell, Peoria, Journal Transcript.

District 17—C. C. Marquis, Bloomington, Pantagraph.

District 18—John H. Harrison, Danville, Commercial News.

District 19—H. F. Kendall, Mattoon, Journal Gazette.

District 20—W. L. Fay, Jacksonville, Journal.

District 21—Lewis H. Miner, Springfield, Journal.

District 22—A. T. Spivey, East St. Louis, Journal.

District 23—M. J. Seed, Mt. Vernon, Register.

District 24—Roy L. Scright, Harrisburg, Register.

District 25—W. O. Paisley, Marion, Leader.

The general chairman of the district is F. A. Miller, South Bend, Tribune.

From National Chairman. At the Chicago conference the following telegram was read from Bradford Merrill of the New York American, who is general chairman of the conservation committee.

New York, N. Y. Edgar E. Bartlett, chairman publishers committee, LaSalle hotel, Chicago:

Essential fact to impress upon everybody is that newspapers have used lately ten per cent more paper than is being made on this continent. It publishers do not co-operate and make drastic concessions, some publishers will have to go without paper and suspend publication. This will create a situation detrimental to newspaper business as a whole. Three new bills introduced

in congress in last week arbitrarily limiting size of papers acceptable for mailing. Methods being adopted by eastern publishers are:

First. Omission of advertisements above certain number of pages daily. This is bad because it disorganizes advertisers retail business. Only remedy is curtailing space contracts of big advertisers, raising rates under new contracts, giving publishers right to cancel contracts on thirty days notice, or to reduce average allotment of space to large advertisers, treating all impartially.

Second. Increase price of Sunday papers to dealers, cutting off all returns. This last has just been done in New York without causing any serious trouble or loss of circulation, dealers receiving of course, slightly increased commission on higher price.

Third. Reduction of ten to fifteen per cent in news pictures and miscellaneous by more rigid condensation. We are, as Franklin said, "All in the same boat." If publishers do not hang together in making drastic saving they will sink separately.

Science said hasn't solved the mystery of radium. The great force which it is said, is the secret of the sun's radiance. There is less than one pound of radium in the pure form in the entire world. One gram is valued at \$120,000. And yet Colorado and Utah, the chief sources of radium, are not making use of it. It is enough of the precious substance to revolutionize mankind's existence, to banish the dread disease of cancer, to furnish a force greater than electricity.

How two scientists, working in a secret laboratory in the depths of the earth, extracted a large quantity of the precious substance, how one of the wished to give the discovery to the American government, and how he was slain by an agent of a foreign power, who sought the key to the secret vault, is the thrilling tale contained in "The Great Radium Mystery," the serial starting Friday at the Majestic.

CIGAR MAKERS GAVE THEIR ANNUAL BALL

Varied Program Preceded the
Dancing—Union President Gives
Organization History — Mayor
Says Mutual Confidence is Basis
of City Progress.

The annual cigarmakers' ball was held Wednesday night at K. K. ball on East State street. Two hundred and sixty tickets had been sold for this interesting social event and consequently a great throng was in attendance. It was something of an innovation by comparison with former years, as a brief formal program preceded the dancing, which began at 10 o'clock.

Henry Herring, as president of the Cigarmakers Union, presided during the program. John E. Fogarty was chairman of the executive committee. Large orchestra furnished the music. The general program began with an orchestra number and then a colored team gave a musical specialty. This was followed by a recitation by Louis Henderson of the cigarmakers' union, "The Face on the Bar-room Floor." A log dance was given by Herman Lair and this was followed by a song by Albert Straussner, who responded to an encore.

Then Mr. Herring gave a brief history of the local cigarmakers union which is now forty years old. He then introduced Mayor Crabtree for an address on "Greater Jacksonville." The invitation to the mayor to be present had evidently been extended by the committee because of the cordial feeling the union has for the mayor's administration and its efforts "for the good of Jacksonville."

Early History Recalled.

Mr. Herring recalled the names of the officers elected when the Jacksonville union was organized in June, 1880, together with the charter members. They were: President—Jacob Roedersheimer.

Vice president—L. C. Cassell.

Recording secretary—Frank Vasconcellos.

Corresponding secretary—Tony Finer.

Financial secretary—Fred Rouner.

Treasurer—James H. Ward.

Doorkeeper—G. Osterbrink.

Trustees—Dan Reuter, Max Cohn, Fenton Sanders.

Members—Henry Gotthelf, Herman Holle, Herman Gotthelf, James Rustemeyer, Joseph Van Standt, Tim Riley, Frank Murphy, John Ochs.

The speaker recalled the fact that the international union was organized in 1867 for the purpose of promoting better working conditions. Soon afterward efforts were directed against tenement and Chinese coolie cigar production. It was in 1886 that the blue ribbon label was adopted and about that time an eight hour day was also adopted.

Mr. Herring said that the figures prove that the average life of workers had been greatly lengthened because of the lesser hours of labor and better working conditions. He also reviewed some of the later achievements of the cigarmakers' organization. The local union today has a membership of 171.

The Need of Confidence

Mayor Crabtree was introduced in a fitting way by the chairman and expressed his pleasure over the invitation to be present. The speaker said that he believed that it was in this way that the cigarmakers were showing their wish to join heartily with city officers in every movement for greater and better Jacksonville. The mayor emphasized his belief that growth and the forward march for the city will only come as the people keep selflessness and personal ambition in the background and have confidence in each other. This of course means pulling together for the common good. He spoke of what the solving of the water problem is going to mean for Jacksonville and referred to the need of an improved sewerage system.

"Nowadays managers of factories," he said, "are paying a great deal of attention to the health of employees and the sewerage system is directly related to that problem. With water supply secured and some other betterments in prospect, Jacksonville is certainly ready to go. But we must not forget that right now is the testing time and that we are at the period where prosperity hangs in the balance. If we can keep before us the slogan, 'Everything for the good of Jacksonville' and exemplify it, there will be no question about the future."

"Everything cannot be done in a day, a month or a year. So far this administration, with the aid of the people, has just scratched the surface. We are striving to outline a constructive policy by which we can build not only for today but for the future. Whatever is accomplished must come thru the aid of citizenship. I believe that citizens should know all the facts, for when they do and understand these facts, in their proper relationship, then will come the support and endorsement for those things which are worth while."

As indicated, dancing began at 10 o'clock and continued until 2 a. m. It was in all ways a joyful and well ordered event, ranking well with the various successful dances that the union has given with passing years.

Matrimonial

Tarzwel-Loneragan.

Jesse Tarzwel of Woodson and Miss Mary Loneragan of Murrayville were united in marriage at 8 o'clock Wednesday morning. The ceremony was said by the Rev. Father Flynn and was witnessed by a large number of relatives and friends.

The couple were attended by Miss Anna Hagarty of this city, and Martin Loneragan, a brother of the bride.

The bride and bridesmaid wore tailored blue suits with picture hats to match and carried bouquets of Ophelia roses.

The groom is a well known young farmer residing near Woodson, and is highly esteemed in his home community.

The bride is the daughter of Mr. and Mrs. John Loneragan. She was born and reared in the Murrayville neighborhood and is highly esteemed by a large circle of friends. The family is at present residing in Jacksonville.

Mr. and Mrs. Tarzwel will take a wedding trip after which they will be at home on a farm, two and one-half miles east of Woodson.

Bridgman-Cummings.

The marriage of John T. Bridgman and Miss Ruth Cummings took place at 3 o'clock Wednesday afternoon at Christian church parsonage, Rev. M. L. Pontius officiating. The young people were attended by Miss Nettie Burnett and Fred Flynn, and the ceremony was witnessed by a limited company of relatives of the contracting parties.

The bride, who is a daughter of Mrs. Alice Cummings of 422 West Morgan street, was born and reared in Pana, and it was in that city that she received her education. She has been a resident of Jacksonville for the past four years and has a large number of friends both in this city and her former home community.

Mr. Bridgman is the son of Mr. and Mrs. S. N. Bridgman, residing six miles northwest of the city. He has for a number of years been associated with his father in farming operations and is a young man of business ability and excellent character.

Mr. and Mrs. Bridgman left yesterday afternoon via the Vashash for Springfield. Later they will go to Pana and a number of other points and upon their return will be at home on a farm northwest of the city. Their many friends unite in extending hearty congratulations.

"KILL-JOYS"

Constipation, Headache, Colds, Biliousness ended with "Cascarets"

Nothing takes the joy out of life quicker than a disordered liver or waste-clogged bowels. Don't starve sick, bilious, headache, constipated. Remove the liver and bowel poison which is keeping your head dizzy, your tongue coated, your breath bad and stomach sour. Why not spend a few cents for a box of Cascarets and enjoy the nicest, gentlest laxative-cathartic you ever experienced. Cascarets never gripe, sicken or inconvenience like Salts, Op., Calomel or harsh pills. They work while you sleep.

DON'T FEAR ASPIRIN IF IT IS GENUINE

Look for Name "Bayer" on Tablets. Then You Need Never Worry.

To get genuine "Bayer Tablets of Aspirin" you must look for the safety "Bayer Cross" on each package and on each tablet.

The "Bayer Cross" means true, world-famous Aspirin, prescribed by physicians for over eighteen years, and proved safe by millions for Colds, Headache, Earache, Toothache, Neuralgia, Lumbago, Neuritis, and for Pain in general. Proper and safe directions are in each unbroken "Bayer" package.

Handy tin boxes of 12 tablets cost but a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacture of Monocetate-ester of Salicylic acid.—Adv.

LOYAL SPIRIT SHOWN BY ILLINOIS COLLEGE MEN

Forty-Five Gathered at Alumni Banquet in New York City—Special Honors Paid Mrs. E. A. Tanner—Dr. Edward Capps one of Speakers.

The Journal is in receipt of the following report of the recent Illinois College alumni banquet written by Rev. George C. Lenington, now serving in the east as an executive secretary of the Reformed Church Progress Campaign:

At the recent meeting of the New York City Illinois College Society their love for the old college brought together forty-five enthusiastic friends of the institution on the hill at Jacksonville. The tables were set in the beautiful colonial room of the McAlpin hotel.

STOMACH UPSET

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, even gas, indigestion and stomach troubles have you a bad taste, coated tongue, poor appetite, a lazy, don't care feeling, no ambition or energy, trouble with undigested foods? Take Dr. Edwards' Olive Tablets for relief.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without gripping, cramps or pain.

Take one or two at bedtime for quick relief. Eat what you like. 10c and 25c.

HURRY! YOUR HAIR NEEDS "DANDERINE"

Get Rid of Every Bit of That Ugly Dandruff and Stop Falling Hair

To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of "Danderine" at any drug or toilet counter for a few cents, pour a little in your hand and rub well into the scalp. After several applications all dandruff usually goes and hair stops coming out. Every hair in your head soon shows new life, vigor, brightness, thickness and more color.—Adv.

FOR LUMBAGO

Try Musterole. See How Quickly It Relieves

You just rub Musterole in briskly, and usually the pain is gone—a delicious soothing comfort comes to take its place. Musterole is a clean, white ointment made with oil of mustard. Use it instead of mustard plaster. Will not blister.

Many doctors and nurses use Musterole and recommend it to their patients. They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back, colds, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds of the chest. Always dependable.

A Comparison. A Real Case

A paid \$144 per annum for 20 years on an insurance policy of \$2,500. At settlement he took a bond for \$3,250.00.

Twenty-four shares of Savings and Loan, \$12.00 per month, in 10 years, would have given him \$2,400. The interest from this at 6 per cent for another 10 years, invested in 24 shares, \$12.00 per month would give him a second \$2,400.00. Continuing his \$12.00 per month investment in a third 24 shares he would receive a third \$2,400.00 or a total of \$7,200.00 received at end of 20 years and the account would appear thus:

At end of first 10 years, 24 shares, \$12.00 per month \$2,400.00
At end of second 10 years, 24 shares, \$12.00 per month 2,400.00
At end of second 10 years, 24 shares paid for with interest on \$2,400, received at end of first 10 years 2,400.00

Total received at end of 20 years.....\$7,200.00

All in his own hands to use as best suited him.

From this deduct amount from insurance settlement \$3,250.00

Leaves Savings and Loan Investment better by...\$3,950.00

Better than any other investment of small sums paid regularly. These are facts. Think them over. Similar results come to all investors in Savings and Loan Associations.

Young men and young women should take shares at once. Boys and girls who begin early in life in this way with small savings will in a few years have hundreds of dollars ready for business or education or to buy a home when needed.

Mrs. Edward A. Tanner seemed as much a part of the old college days of the graceful tenor of Sturtevant hall, which appeared on a leaflet handed to each guest; Mrs. M. Everett Dwight beamed with the light of a life-long affection for "Illinois." Mr. Samuel Colcord, ex-'67, left affairs of state long enough to attend and speak in praise of the men whom the college has trained; Rev. Edward P. Hill, D. D., secretary of the Presbyterian college board, came to voice his appreciation of this college; Frederick C. Tanner drove his car twenty-seven miles thru the storm of the night, because with him as with his father the old college comes first—but it is impossible to describe the emotions which beat in every breast.

It was a bitter disappointment to everyone that President Rammelekamp could not be present, especially that it was on account of his being sick. A telegram of love and confidence was sent him. All evening his absence was deeply felt. Others who were sorely missed were Andrew Russell and Frank A. Vanderlip. A telegram expressing his disappointment was also sent by Dr. William J. Grosvenor, grandson of a member of "the Yale band," by which the college was founded. A message was read from Congressman Rainey announcing his hope that Illinois college "would get all she hoped for," as he was deeply interested in this college.

A delightful factor in the evening's program was the general singing of the songs so popular during the war. Rev. E. B. Nash showed his old time chapel grace as he played the accompaniments, and D. D. Smith led just as he used to pour forth his soul at end in the glee club. The arrangements for the excellent feast were made by the retiring secretary, F. C. Coleman. The officers for the new year were elected: President, Harry N. Kirby, secretary and treasurer, Dr. Byron C. Darling, and vice president, Carl M. Owen.

The spring from which bubbled forth the fun, the good fellows ship—"just like old Illinois,"—and the profit of the gathering was Rev. Thomas W. Smith, D. D., just back from Y. M. C. A. work in France and now managing the campaign to secure \$1,250,000 for "Old Illinois," aided by Prof. Edward Capps, recent colonel in the Red Cross work in Greece. The

two felt deeply the absence of their class mate of '87, Hugh Wilson, whose love for the college none could ever surpass. A telegram of deep sympathy was sent to his widow. It was also noted with sadness that Dr. Edward A. Ayers, so long one of the most loyal members of the New York society, will meet with us no more. Dr. Smith made no appeal for money, but gave his whole attention to deepening in everyone their devotion to the college—if such a thing were possible.

Mrs. Tanner was the recipient of attentions from everyone all the evening. Their admiration and love for her were strikingly voiced in a poem read by Mr. VanderVoort with the title, "Our Queen." A copy of it has been sent to The Rambler.

Prof. Edward Capps described in a few strong words the American Red Cross work which he had directed in Greece—the terrible task of saving the starving and bringing back to their homes the one hundred and fifty thousand Greeks who had been deported into Bulgaria; the great character and remarkable achievements of Premier Venizelos; the Greek nation of sterling worth, a bulwark against the "unspeakable Turk," urging the complete equipment and endowment of Illinois college, he claimed that it was simply "a business proposition"—if good education was to be given there, good professors must be gotten; and good professors could only be gotten and held by good salaries.

Altho almost too ill to come to the banquet, Frederick C. Tanner spoke in the unvarying happy Tanner fashion. His sentiment was that Illinois college "is not facing the question as to whether she is going to exist, but whether she is going to be able to project an ideal," the Illinois College ideal.

Prof. John M. Capps spoke briefly of his abiding interest in the old college stating that in all his twenty-five years of teaching experience, "he had never known as efficient a faculty as was at Illinois when he went there." He was sure that the people who love the old institution, especially those who live near it, would count themselves happy to continue its work.

Rev. Dr. Edgar P. Hill pointed out the part played by education in the late war, "the war of the schoolmasters." It had been won by the application of educated minds to solve the difficulties. America's place in the world is going to depend on her education. "The present awful predicament of the world is due to the divorce between education and religion." They must be brought together, or the world is lost. The great state universities cannot put an end to the secularization of knowledge. The Christian college is the only institution that can. The hope of the nation depends upon the small Christian college, such as "Old Illinois."

The evening closed with another season of happy greeting and the singing to the tune of "Maryland, My Maryland," these lines, which had sprung Juno-like from the minds of Dr. and Mrs. Smith:

O Illinois, our Illinois,
We shall never forsake her.
As with the flood of passing years
Love shall still grow greater.
There, where the dear old campus lies
Beneath the blue of summer skies,
Shall live the tenderest memories
Of our Alma Mater.
O Illinois, our Illinois,
Fields of whispering corn and grain,
And birds among the maple trees,
Lift their sweet and glad refrain;
Together sing their praise of thee,
"Long live the child of liberty!"
What may not thy great future be,
Heaven and earth's eternal gain!

Three short farces will be given in entertainment hall at Central Christian church Thursday evening. Admission 15 cents.

PYTHIANS ANNOUNCE ROLL CALL PROGRAM

Jacksonville Lodge Has Completed Program for Annual Roll Call—Rev. Myron L. Pontius Will Deliver Address.

Jacksonville lodge, No. 152, has completed plans for the annual roll call of the order which will be held in Castle hall Tuesday evening, February 3.

One of the features of the program will be a young woman's quartet from the Pythian home in Decatur. This quartet sang before the Grand lodge session in Bloomington last fall and was a great hit. Mrs. Clifton Hatch will act as accompanist for the quartet.

In addition to the quartet there will be a reader also from the home. The members of the quartet are: Misses Ada Robinson, Fannie Schneider, Julia Loft, Lillian Freeman, Miss Doris Driscoll is the reader.

The main address of the evening will be by the Rev. Myron L. Pontius, pastor of Central Christian church. The roll call will begin promptly at 7:30 o'clock. E. E. Crabtree will be chairman of the evening. The program follows:

Music by quartet from Pythian home.

Calling roll of one-fourth of the members.

Music by quartet.

Talk on Pythian home by Superintendent Clifton Hatch.

Calling roll of members.

Reading by Miss Doris Driscoll of the Pythian home.

Calling of remainder of names on roll.

Talk by Rev. M. L. Pontius of the Central Christian church.

MANCHESTER LODGE INSTALLS OFFICERS

Royal Neighbors Held Installation Services Saturday Evening—Miss Ethel Clark Leaves for Highland Park—Other News Items.

Manchester, Jan. 28.—Installation services of the Royal Neighbors lodge were held Saturday evening. The work of the order was also exemplified, the candidates being Mrs. John Blakeman, Misses Esther Blakeman and Laura Hanback.

The following officers were installed:

Orator—Mrs. Theresa Langdon.

Vice Orator—Mrs. Ida Clark.

Past Orator—Mrs. Laura Blackburn.

Chancellor—Mrs. Priscilla Stephens.

Marshal—Mrs. Sadie Leighton.

Assistant Marshal—Mrs. Fannie Conley.

Inner Sentinel—Mrs. Lyla Robinson.

Outer Sentinel—Mrs. Maud Row.

Manager—Mrs. Lucy Lemon.

Musician—Mrs. Ethel Rousey.

Faith—Miss Lucile Antrobus.

Modesty—Miss Wilma Walker.

Unselfishness—Miss Mildred Eakin.

Courage—Ada Cummings.

After the service a social time was enjoyed and refreshments served.

Murray O'Neil Stone, the infant son of Mr. and Mrs. Ira Stone, was found dead in bed by the parents at 5 o'clock Monday morning, death apparently having occurred the fore part of the night. The child suffered an attack of small pox and had not fully recovered from the effects of this disease.

Coroner Thomas Webster was called from Winchester, as it was necessary to hold an inquest owing to the circumstances surrounding the death. After hearing the evidence, the jury returned the verdict of death due to unknown cause.

Funeral services were conducted from the residence Tuesday morning, in charge of Rev. N. M. Antrobus. Interment made in Manchester cemetery.

Dr. Myron Haynes, representative of Shurtleff College of Alton, gave a talk at the Baptist church Sunday evening in the interest of the college. He and Rev. Fred Peck made a canvass of the town Monday and on Monday evening Dr. Haynes delivered a forceful and most inspiring sermon to a large audience at the Baptist church.

Mrs. Margaret Mock suffered a slight paralytic stroke Sunday morning. While her condition is not considered serious, her advanced age makes complete recovery doubtful.

Guy Brown is detained from his duties at C. D. Chapman's store by illness.

Miss Ethel Clark left for Highland Park Sunday where she has accepted a position as teacher in the public schools.

Mrs. F. E. Clark and daughter Miss Lucile Antrobus, were called to Chicago Saturday by the death of Mrs. Clark's niece, Verda Florence Vaniter.

Charles Woodall spent Monday in Jacksonville.

Mr. and Mrs. Stephen Cooper were Jacksonville visitors Tuesday.

R. C. Curtis spent Tuesday in Jacksonville.

Miss Esther Grant spent the week end at the home of her parents near Perry.

Miss Florence Collins of the Illinois Woman's College of Jacksonville, spent Sunday at the home of her grandmother, Mrs. Ellen Heaton.

CIRCUIT COURT DOCKET

Attorneys met Wednesday with Circuit Clerk Boston to fix the docket for the first week of the February term of the Morgan county circuit court, which will convene next Monday with Judge Jones presiding. No cases were set for Monday. The docket for the remainder of the week is as follows:

Tuesday

Bureau of National Literature vs. Charles Desilva, assumpsit.

Loila F. Elson vs. William T. Elson, separate maintenance.

Wednesday

Daniel P. Smith vs. John A. Pa-chard, assumpsit.

J. C. Richards vs. John Berndt, appeal from J. P.

Thursday

Martin Kenny vs. Central Ill. Pub. Service Co., trespass.

Friday

J. L. Greasy vs. John Frank, assumpsit.

The attorneys of several attorneys made it advisable to set a number of cases that it was originally intended to hear the first week of court.

HIGH PRICED LAND IN IOWA.

A good many persons have felt that land in this vicinity is very high and that some prices have been paid which seem almost unwise but they have the fever worse in Iowa than in Illinois, and while there may be desultory patches of superior land there, as a whole it is no better than the average soil of Illinois tho it has much that is good.

A gentleman recently there said he saw a rather broken farm, seven miles from a town, and with just ordinary improvements, sell at \$400 an acre and here he doubted if it would wisely bring half that price or could be sold for more than \$175 to \$200 an acre. The gentleman said that was a sample of a number of sales that came under his notice and he was unable to see any reason for the prices mentioned.

MISS GRACE HOFFMAN

MARRIES IN CHICAGO

Former Resident Married Chicago Musician's Daughter of Mr. and Mrs. L. P. Hoffman.

Cards are out announcing the marriage in Chicago of Miss Grace Hoffman of this city to Mr. D. C. Swartz of Chicago. The event occurred on January 12.

Miss Hoffman is the daughter of Mr. and Mrs. L. P. Hoffman of this city. She was born and reared here, receiving her education in the public schools, graduating from the High School with the Class of 1915, and from the Illinois College Conservatory of Music in the following year.

Several years ago, she with her sister, Minnie, made her home in Chicago, where she continued her studies in the American Conservatory of Music, and in addition was quite successful in establishing a large class of piano pupils, besides doing independent work in line with her profession.

Mr. Swartz is the son of Mr. Adolph Swartz of Hampden, Va. He received his education in Louisville, Ky., and began studying violin with Prof. Surman of Louisville, then with Spiering of Cincinnati, and later completed his studies with Jene Hubay, the noted New York teacher. For the past year he has been following his profession in Chicago, being director of the Cosmopolitan Theatre Orchestra.

For the present both Mr. and Mrs. Swartz will continue their musical activities in which they have been so successful and which brought them together.

They are residing at the Hotel Strand in Chicago.

AN INTERESTING LETTER.

A. L. French came across a letter written by his father, the late Samuel French, in 1852. The writer was addressing his old time friend, the late Henry Irving, the highly respected carpenter and contractor, residing on West College street. Mr. French wrote the letter from a point in Indiana and was on his way to Boston with a drove of cattle. He said in his letter that he had had an offer of a price which would bring him a profit of \$300 but he wanted to weigh the stock in the Hub and he did so.

Mr. French said his father drove cattle to the seaboard several times and they probably largely subsisted on grass as they went as the letter to Mr. Irving said grass was good and in those early days fences were far less common than now. Mr. French said he couldn't be positive but thought his father once drove a lot of hogs to New York tho that seems hardly practicable tho there is no telling what might have done in those days.

The late cattle king, Jacob Strawn was the medium of exchange between the merchants in this part of the country and St. Louis, which was then the chief wholesale market of this region. Accounts were not settled so regularly now as at that time. Every one knew Mr. Strawn, his gruff, sharp manner of speaking and acted accordingly.

He would enter a store or ride up in front and call out the merchant and say:

"How much do you owe in St. Louis."

"Five hundred dollars."

"Bring it out."

The man of business would meekly obey or bring out as much as he saw fit to pay and take Mr. Strawn's receipt which was just as good as gold in the pocket. The receipt would take the money and buy stock with it, giving the purchaser to St. Louis, sell out and hand over the money entrusted to his care.

W. C. HURST WILL AGAIN HEAD C. P. & ST. L. ROAD

Will Resume Position as General Manager of the System February 1—Has Been General Superintendent of C. & A. and C. P. & St. L. Since 1918.

It has been announced unofficially that W. C. Hurst will again resume the position of general manager of the Chicago, Peoria & St. Louis railroad February 1.

Prior to the war Mr. Hurst held this position. When the government took over the railroads of the country in 1918, he was made general superintendent of the Chicago & Alton and Chicago, Peoria & St. Louis roads.

The roads were consolidated in accordance with the policy of the government and operated as one road, with the idea of curtailing operating expenses.

The news that the road is to again revert to private ownership will be received with approval by Jacksonville residents. Since the government has been in charge there has not been the service given that cities along the line should have.

The reappointment of Mr. Hurst as general manager will also meet with the hearty approval of local business men. Mr. Hurst is a railroad man who learned the business from the ground up. He has always showed a friendly feeling toward Jacksonville and has always endeavored to give the city the best possible service both as to freight and passenger business.

Arrangements are being made to re-establish the general offices in Springfield. It is probable they will be located in the Booth building which was formerly used. The chief train dispatcher's office will be located in the union station at Springfield.

S. S. KNOLES BUYS STORE BUILDING

Property on North Side of Square Purchased by Well Known Clothier From Miss McDonald.

R. C. Reynolds has sold to Stephen S. Knoles the business building at the northeast corner of North Main street and the public square. The property is owned by Miss Laura McDonald and Mr. Reynolds acted in her behalf. Mr. Knoles has been the tenant of the store room thru a period of years and has conducted a successful business there.

There are office rooms on the second floor and the third floor is a part of the Pythian hall, the building being operated in conjunction with that adjoining on the east, owned by T. M. Tomlinson, and the third building owned by Dr. A. B. Applebee.

In the early sixties the building Mr. Knoles has purchased was occupied as a dry goods store by the late Alexander McDonald. He died in 1867 and the store passed to the hands of
